Johnny's Sun in Gemini and Julia's Sun in Scorpio:

You two are very different! Julia becomes intensely involved emotionally to particular people and places. Julia bonds deeply and becomes very attached to people. Johnny, by contrast, takes life in a lighter vein and usually does not become as emotionally involved and attached to things as Julia. Julia may feel that Johnny is superficial, evasive, childish, and not serious enough, while Johnny may feel that Julia is too heavy, intense, and demanding. Julia thrives on intensive, direct experiences and is best suited to a life style that involves direct, non-vicarious, non-intellectual activities of forceful, instinctive, or natural kind, preferably using one's hands (examples: surgery, deep sea diving, most competitive athletic sports, pottery, etc.) while Johnny's approach is more cerebral, less focused and intensive, and more varied. You may not understand or appreciate each other at times.

Johnny's Moon in Capricorn and Julia's Moon in Leo:

Johnny's essentially sober, conservative, and cautious disposition contrasts with Julia's exuberant, generous, dramatic temperament. Julia's tastes are lavish, bold, and colorful, while Johnny prefers a subdued, simple, quietly elegant style.

Whereas Johnny downplays emotions and emotional displays, Julia often exaggerates them. Like a child, Julia is eager for attention, love, praise, and recognition from others, while Johnny, ever the adult, rarely admits to needing people in that way. Johnny is, or appears to be, more self-sufficient emotionally. While Julia is usually quite warm and personable, Johnny is frequently detached, formal, and businesslike with people. For Johnny, sharing is shown by dedication and faithfulness or by practical assistance - "actions, not words", and Julia sometimes craves more warm attention from a friend.

Also, Julia is more of an optimist by nature, whereas Johnny tends towards pessimism or at least a clear-eyed realism. Julia's cheerfulness can lighten Johnny's mood when Johnny becomes too serious (which is frequently).

Johnny's Sun Square Julia's Venus:

Your personal styles, tastes, and preferred leisure activities are often not in harmony, and you need to make adjustments and allowances for one another's differing personal tastes and desires.

Johnny's Sun Square Julia's Pluto:

Your relationship is intense and complex. You engage in deep, intense discussions and encounters that unveil your innermost thoughts, feelings, goals, hopes, fears, and ambitions. This is not a superficial relationship! You are very uninhibited with each other, and you open up to each other more readily than to others. Be wary of power struggles, however, as Julia, in particular, may be tempted to manipulate and control Johnny. Also, either of you may feel threatened, embarrassed, or disempowered by revealing so much of yourself to the other, and consequently feel the need to be secretive and competitive with each other. You have a profound influence upon one another, for good or ill.

Julia's Sun Sextile Johnny's Mars:

Successful cooperation in achieving goals and accomplishing tasks is highlighted. You make an excellent working team and you are able to assist each other in achieving specific, concrete goals.

Julia's Moon Opposition Johnny's Saturn:

Although you both strive to be responsible, respectful, and dedicated to each other, there is a strong tendency for this relationship to focus TOO MUCH on responsibilities and commitments. Julia is likely to feel unjustly criticized, frustrated by Johnny's moral and ethical attitudes, and eventually resent the limitations and responsibilities imposed by this relationship. Emotional distance, coolness, indifference to feelings, and a sense of loneliness or oppression can develop between you. To make this relationship work, you both must avoid the tendency to let your sense of responsibility and concern for the other person cause you to try to control one another's life.

Julia's Moon Square Johnny's Mercury:

Johnny needs to guard against the tendency to be critical, unsympathetic, and overly analytical of Julia's feelings, personal tastes, and habits. Johnny may feel that Julia is overly sensitive to criticism, and refuse to acknowledge responsibility for the problem as well. Petty annoyances, minor disagreements, and bickering can be avoided only if you both learn to listen sympathetically and to communicate clearly with each other.

Julia's Moon Square Johnny's Venus:

There is much warmth and kindness in this relationship and you are supportive and helpful to each other. However, many times the expression of your affection or high regard for each other is frustrated by your differing tastes and values. A classic example of this problem is one of you buying a birthday present for the other but unfortunately the present does not suit the taste and preferences of the one receiving it.

Johnny's Moon Sextile Julia's Mercury:

You enjoy long talks and you feel very much at home with each other. You are able to openly share your feelings about almost any subject. You will find that as you spend more time together, your tastes, interests, hobbies, and activities tend to blend together harmoniously. Your friendship is a strong and lasting one.

Julia's Mercury Conjunction Johnny's Neptune:

There is a poetic, fanciful quality to your conversations. Johnny brings out the poet and dreamer in Julia. Communications on practical matters, however, may suffer and you both need to be wary of exaggerating, hiding, or deceiving each other. When with Johnny, Julia is often confused, less clear and less precise than usual.

Johnny's Mercury Opposition Julia's Neptune:

You are inclined to conversations on imaginative areas like art, theatre, music, psychology, and religion. Discussions of very practical and mundane affairs (for example, your annual tax forms) are inclined to be fraught with misunderstandings so strive to be very careful to be clear and precise when discussing important details.

Johnny's Mercury Trine Julia's Uranus:

Your conversations are spirited and often exhilarating. You spark each other to view situations in a new light and you inspire creative, original, inventive ideas. This relationship inspires creativity and originality, and a fresh perspective towards any problem or situation.

Johnny's Mercury Trine Julia's Pluto:

Your conversations are deep and probing. You understand each other at a very deep level, and you may find yourselves revealing things about yourself that you have not mentioned to anyone else. You also make a good research team or investigators.

Johnny's Venus Opposition Julia's Neptune:

You evoke unusual, perhaps strange, feelings and yearnings in each other. Feelings of sympathy, compassion, a sensitivity to music and poetry, and perhaps even religious feelings are likely. The dreamy, idealistic feelings that you stimulate in each other makes it nearly impossible for you to see each other in a realistic, objective light. You are willing to give and even sacrifice for one another, and may try to be the perfect all-giving, unconditionally loving friend to one another. Negatively, money matters and financial investments you make together often become muddled, confused, or poorly handled.

Johnny's Venus Trine Julia's Uranus:

This is a lively, enthusiastic, exciting relationship. You feel very uninhibited with each other and are able to express yourselves freely with each other. If you both enjoy dancing, music, or similar sports, then you have found an excellent partner for these activities!

Johnny's Mars Conjunct Julia's Jupiter:

You spark each other's ambitions and enterprising spirit, and you enjoy planning and designing ventures. You are able to jointly follow through to successful completion of your goals. Julia gives Johnny confidence and encouragement to charge ahead, while Johnny stimulates Julia to act decisively to actualize Julia's dreams. You are likely to undertake several joint ventures as well as other individual efforts that are greatly assisted by your friend. Occasionally you take foolhardy risks and are overly zealous and unrealistic in your hopes, but your dynamic blending of energies can also result in outstanding accomplishments as well.

Johnny's Mars Trine Julia's Mars:

You are able to coordinate your efforts and work together very well on practical tasks. You make an excellent working team. There is a warm, stimulating, energizing quality between you, and you generate a lot of steam for anything you undertake together. You also discover your physical drives and desires are very much in sync.

Julia's Mars Trine Johnny's Uranus:

An electric, exciting quality infuses your relationship and you encourage one another to be bold, confident, and assertive. Vigorous physical activities, like sports, are good outlets for the vital dynamic energy you generate together. Your unusual, original, unconventional impulses emerge when you are together, also.
