*** Introduction ***

This Astrological Child Report has been designed as a guide for Billy's parents, with a special commitment: to help with Billy's growth and cultural upbringing, to emphasize and strengthen his assets, and to alert the parents to mistakes or possible problems that Billy could face in his life.

Chapter 1 describes Billy the way he really is (position of the Sun), and the way his personality is expressed (Ascendant sign). Chapters 2 and 3 describe the influences linked to his mother and father respectively, which DOES NOT mean a description of their personalities, but the way Billy sees them, experiences them, and which characteristics he takes from each one. In the astrological chart of a brother or sister, the description of parents could be different due to the individual's perspective. Chapter 4 completes the sequence of the description of Billy's temperament, focusing his mind, his attitude toward education, and his intellectual capacity.

Chapter 5 describes Billy's destiny, his vocation, his profession, and the probability of success in the material world. In order to get an appropriate view of Billy's vocational possibilities, it will be necessary to combine what is in this chapter plus what is in Chapter 1 and any other relevant information in the report.

Chapter 6 analyzes the conditions of Billy's health; some tendencies or possibilities to physical diseases are mentioned, which DOES NOT mean that Billy is going to suffer from them, one by one. It does mean that those are his weak points and he is inclined to those possibilities. As a complement, some recommendations for Billy to have better nutrition are mentioned. PLEASE CONSULT A PHYSICIAN REGARDING ANY PHYSICAL PROBLEMS THAT YOUR CHILD MAY HAVE!!! FOLLOW YOUR PHYSICIAN'S ADVICE AND ANY MEDICATION OR THERAPY THAT HE/SHE RECOMMENDS!!! ASTROLOGY SHOULD NEVER BE USED AS A SUBSTITUTE FOR PROFESSIONAL MEDICAL ATTENTION!!!

Finally, Chapter 7 describes the astrological influence of the outer planets which affect all the children who were born in the same period of years, producing common ideas and behaviors and subsequent generational characteristics.

It is probable that you may find some contradictions in the report; this is because some planets may be beneficial in a certain area of life while other planets may be less helpful or even harmful. This means that Billy may have both positive and negative experiences in the same area. You need to draw on your intuition and common sense to come to your own conclusions. But remember that every child, no matter the sign he/she was born in, needs LOVE in order to grow up in the right way.

***** Chapter 1 *****

General description of the child: essential nature and personality. Physical body and childhood.

Sun in Virgo:

The child of Virgo is quiet, peaceful and shy. Billy is very delicate and will be selective about food very early. Once his parents know what he likes, he is easy to please, does not demand too much work, and does what he is asked to. As he grows he starts to show his intelligence and his capacity for details. He has fun discovering things other people usually do not see. He is tidy and neat with his toys. He is very shy with strangers at home; he does not speak, he hides in different places, or he just stands motionless. As he starts to feel comfortable, he releases pressure. He has a complex personality and is so sensitive, he gets hurt very easily. Any challenge, criticism or mockery generates a complex almost immediately. Often he feels insecure or inferior. His parents must help him develop his self-esteem from the start, by demonstrating their love and support repeatedly. One word of praise is not enough, because he may not take it seriously. He is a good friend of his mother and he is always helping with the housework. You do not need to ask him twice to do something.

At school Billy can become one of the best pupils for the teacher because of his dedication and discipline. He sometimes even corrects his teacher. He is a perfectionist. The Virgo child is not satisfied with things in writing, but requires physical proof. He has a very inquisitive mind. It is good for him to have many educational games at hand to stimulate his mental capacity. Education plays an important role in this child's life, because the more he learns, the more confidence he will have in himself. The child of Virgo who does not receive a very good education can have many problems as an adult, such as being unhappy, shy or introverted, or having feelings of inferiority. He will have very precise habits, and will have a place for everything. He will complain about his brothers and sisters when they want to destroy his tidy world. He may criticize all the members of the family and even imitate them in a funny way.

His emotional world is very complex and much of the time he will not let anybody know what is going on inside of him. In adolescence, he becomes more sensitive, so his parents should not make fun of his first steps in love. This could cause deep wounds which could affect his future where love is concerned. You can bring out the best in him by using delicacy, gentleness and a logical way of speaking. He yields in the face of aggressiveness and he becomes paralyzed instead of exploding. A good way to improve his future emotional life is to teach him how to show his feelings freely. It is also very important to talk naturally about sex, to make him feel more secure. You do not have to be afraid of spoiling this child or of creating illusions in him. He is very realistic, clever, and all the fantasies he develops in childhood will contribute to his emotional balance in the future.

Taurus Rising Sign:

Billy was born with a nice and harmonious body. He might have dimples on his cheeks and a beautiful smile on his lips. He will be quiet, soft and calm. He will not move

fast and will prefer comfort to complication. If his Sun (as shown above) is located in Gemini, Sagittarius or Pisces, he will seek each of his goals, maintaining an outer tranquility, while feeling anxiety within. He will have a strong will to get what he wants and he will often be stubborn. He has a magnetic personality and a good-looking face and body. He will have a fondness for good food, especially for sweet things, so it is important to teach him good dietary habits early. Believe it or not, food tranquilizes him (it must not be over-seasoned). Billy is a very affectionate child, who needs caresses and gentleness to be happy. He can seem slower than the rest of the children, but you do not have to worry about that, or push him. Billy has his own rhythm and he needs to do things in his own time.

His childhood ruled by Venus will be pleasant. He will always be close to the family and to the places of his childhood, like school, the neighborhood, his house, etc. He will understand very early the value of money and the value of the material things in life. This is very important because if he receives a negative attitude, he could be insecure in the future, becoming a stingy, avaricious and cold person. To expand his expectations of life, his parents must teach him the importance of other values in life. You do not have to grant every wish he has, because this could emphasize his tendency to be lazy. One of Billy's parents, or both, can be very easy on him and this could weaken his will.

Billy is a restless worker and constant in his effort. He must learn to center his mind on positive and constructive ideas. Because he is very impressionable, a bad experience in childhood could bring fears and confusion later. It is very important not to frighten him, or tell him horror tales to make him be good, because he does not forget easily. It is best to be kind and affectionate with him; he will do everything he is asked to, if it is with love.

***** Chapter 2 *****

Maternal figure: emotions, feelings, capacity to love and share.

Moon in Virgo:

He can be very shy and reserved when expressing his feelings. His emotional world is fragile and he can be hurt quite easily. He sometimes inclines to have a negative attitude about his physical and intellectual attributes, regardless of whether there is any validity to his concerns, and this can inhibit him. Billy will do best in a well-organized and neat place. He will worry about personal hygiene and about the order and cleanliness of his environment. Billy will be very helpful and will cooperate with everybody, and will never make personal demands or bother his elders.

This astrological position generates inhibitions in the emotional world, and parents must remember that most of them begin in childhood. That is why it is best when his parents, especially his mother, are loving and tender with Billy. Parents must initiate dialogue and give him attention without putting pressure on him. His sensitivity is immense as is his need for protection, which is why aggressiveness and corporal punishment must be avoided. He will have a logical and intelligent mind, and when he understands the reasons for things, he will obey without questioning. Everything which emphasizes his weaknesses, like a nickname or playing a joke on him, must also be avoided.

Moon in 5th house:

He will be romantic and charming, which is why he will have an adventurous love life, always looking for the "right" match. Billy will have great charisma and a poetic imagination. He will have great creative ability, which will be evident in all his activities. As a father, he will be very tender and will teach his children to be kind and to show their feelings, although he can be a bit possessive.

Moon Conjunction Venus:

Billy will have a great capacity for love. His feelings will be noble and his romanticism would seem to be endless. He will love to take care of people and animals, and he will marvel at the natural world, sunrise, flowers, etc. Everybody will love him and he can be very popular. He will love art, music, and beauty. Billy can be a bit lazy, enjoying the pleasures of life and tending to extravagance.

Venus in Leo:

Billy will be ardent and romantic. His manner of expression will be exaggerated and a bit theatrical. Billy will love life itself, and people too, though he will be very selective and will always prefer outstanding people. He will have a very deep self love and may be vain. Billy will prefer everything to be refined and in good taste. His clothes and physical appearance will be very important to him. He will love a great social life: going to parties,

meetings and other events which give him a chance to show off. As an adult Billy will have many romances, but once he is in love he will be loyal to his feelings.

Venus in 5th house:

Billy will be very attractive to the opposite sex and may have innumerable romances. He will have charisma and will love children, especially his own. Billy will be very affectionate, sociable, and sympathetic, but also very idealistic in choosing his intimates, which may leave him vulnerable to disappointment. He can excel in sports and in creative pursuits.

Venus Sextile Saturn:

Billy will be reserved and will not often show his feelings, but once he falls in love or loves someone, will be very loyal and tender. Billy will have few friends but they will last a lifetime. He will be attracted to people who care a lot about life, and will feel more comfortable in small groups than large ones. His emotional life will be very stable and Billy will work hard to overcome any problems in his married life. To Billy, love is linked to responsibility.

Jupiter in Cancer:

Billy will develop a great feeling for all the things his heart touches. It is very important that his parents give him love and confidence, so that he can develop the innate sense of protectiveness that he has for himself and for others. Home, family, and friends will be very important for him. As Billy grows, he will develop a taste for collecting antiques. The feeling of ownership and of having roots will give him the confidence and security he needs to face problems along his path.

Jupiter in 4th house:

Billy will love his family and his home and will often receive help from his parents. Billy will love being outdoors. He will be happy growing up in the place where he was born. His attitude will be open, spontaneous, and outgoing, which will bring him to a happy and full maturity. Bad situations will neither bother nor change his character.

Jupiter Square Saturn:

Billy must learn to know his limitations and to direct his energies in a more organized way. Billy will probably undervalue his own potential, and may lack the self-confidence he needs to achieve his objectives. Success may come later in his life and, until it does, he may feel he will never be recognized. Billy can be very realistic and materialistic, but will lack the courage and enthusiasm to move forward. He must always receive the love and affection he needs, and parents must refrain from comparing him with his brothers, sisters, and friends.

Jupiter Trine Uranus:

Billy will have great creative power. He will be determined and practical, and will reach any goal for which he works. His personal freedom will be always very important and Billy will resist any ties that bind or restrict him. Billy will have great mental energy, and though he could be very warm, he will not be very sentimental.

Neptune in 11th house:

Billy could experience periods of intense social life and others of total apathy and anti-social behavior. He will be very generous, although indiscriminate, with his friends and will give all of himself to them, though he will not receive the same in return. His tendency to idealize others will not allow him to see his friends the way they are, but the way he would like them to be; as a consequence, he may suffer a rude awakening or two, possibly being disappointed or disillusioned. Billy should avoid forming associations based only on friendship.

***** Chapter 3 *****

Paternal figure: authority, power, capacity to assume responsibilities and to defend oneself in life.

Sun in 5th house:

At an early age, Billy will show his competitive spirit and his wish to be the best in everything. He can excel in any sport or physical activity. Billy will love and admire his father, who will give him the support he needs for his personal success. The sense of authority that Billy will learn from him is very important. Billy will be very proud of himself; he will be honest and sincere with people. Billy will also be very affectionate and as he gets older, his charm and leadership abilities become obvious. Billy will conquer everybody with his good will, and probably he will have an active romantic life.

Sun Conjunction Moon:

Billy was born beneath the light of the New Moon, which will cause him to act with spontaneity and energy. Billy will make a good impression on people and will not soon be forgotten. He will act with authority and sensitivity, sometimes guided by impulse and intuition rather than by reason. He will want to play a role in developing new projects that will be very important for the future. One of his parents will probably play a double role, being a mother as well as father or vice versa.

Saturn in Libra:

Billy will need a lot of time to make decisions and, though he will seem to be dominated by indecision, finally he will make the right choice. He will be very reserved and will probably have some problems with his social life. Though Billy will have few friends, they will be there forever. Billy will have a great sense of justice and will be a good judge or lawyer. He will always be very diplomatic and will express his opinions in a proper way. This astrological position can delay marriage or bring a serious person as a mate.

Saturn in 6th house:

Most likely Billy will always be worried about his duties, as he will be very efficient, careful, and reliable. Everything will be done in a serious manner, and sometimes he may think no one could do anything without him; he will put all of his energy into his work. Because he is so responsible, Billy will not have fun or play as much as other children. As an adult, he will be very demanding, and it will not be easy for him to find a job that fills all his expectations. Billy will have regular disagreements with bosses and coworkers. However, he will have a great reputation because of his willingness and capacity for hard work.

Mars in Scorpio:

Billy will have a strong will and will work persistently to achieve his goals. He will be very clear about his ideas and objectives as well as his likes and dislikes. Billy will be

very selective with friends, and once he trusts people, he will be spontaneous and very communicative. When he gets angry, it will be slow and gradual; he may harbor resentments and sometimes even act with vengeance. Billy must learn to forgive and to be more flexible with people. He must also learn to direct his energies in a more constructive way. His enthusiasm will always be linked to his emotions and he will always need lots of affection. Billy will be a very jealous and possessive person with those he loves, and especially with his mate in the future. His great dynamic energy will also cause him to have a very intense sexual life, which is why he must receive a very good education in these matters; he must not be raised with fears and taboos. Billy will always be reacting against everything and will be in constant movement, which will make it difficult for his parents to teach him how to be more relaxed and adaptable to any situation.

Mars in 7th house

Billy will have a powerful and controversial personality, and will feel the need to prove things to himself. Most likely, Billy will experience verbal combat, disagreements with partners, or legal problems. With this astrological position, Billy could get married very young and very suddenly, choosing a very dominant and impatient lover. If he does not have any other planetary aspect which indicates maturity and stability, he could have a tumultuous married life. Billy will be very motivated by his lover and will be dependent on her opinion, and also that of others.

Mars Square Neptune:

Billy will have a big imagination and many fantasies, but he will lack the ability to make them real. Billy will probably be afraid of his anger and be uncertain about his own authority. Billy must be careful about his diet, as he is inclined to have allergies to certain foods and drugs. In an attempt to hide his own fears and weaknesses, Billy could cling to his convictions with fanaticism. To make his dreams come true, Billy must strengthen his self-esteem and initiative.

Uranus in 12th house:

Billy will have a strong need to free himself from social restrictions. Most likely, he will feel that he is quite different from others and will keep many of his feelings and opinions to himself, even at the price of wasting his great creative potential. Billy will be very intellectual, mystical, and reserved; he could be very good at research or any other profession which takes place behind the scenes.

Pluto in 8th house:

Billy will have a long life due to his regenerative capacity. He will experience many intense situations and deep changes. He will be interested in the different processes of human existence, especially life and death, and will dedicate many hours to the study of these subjects. His interest in these things goes beyond mere curiosity; it is a very deep psychological impulse which will take him deep into the mysteries of life. Billy could excel in research, medicine, or the natural sciences. His inquiring mind will lead him to search

the spiritual field for answers and he will explore all the religions, looking for the most coherent one.

***** Chapter 4 *****
Mentality: intelligence, studies and capacity for communication.

Mercury in Libra:

Billy will have a balanced and harmonious mind, and will try to express his ideas in a proper and delicate way. He will not be quick to make decisions, because he will have a deep sense of justice, which will make him analyze both sides of any situation in order to avoid any mistake or unfairness. His indecisiveness, even in trivial matters, will bother him and the people around him. Billy will be very moderate in everything he does, rarely going to extremes. His communication will be soft, refined, and friendly. His voice will have a soft, warm tone and will he will refrain from using coarse and offensive language. Billy will get angry when arguments, violence, or aggressiveness occur. If Billy is put in a hostile situation, he will try to escape or will hide within himself. Billy will have a strong sense of aesthetics which will be visible in his artistic ability. As he will be very sociable, he could excel in public relations, diplomacy, law, or also as an umpire. He will have a complacent attitude toward others and most likely he will defer to others if any of his initiatives creates a lack of harmony. Billy could show some laziness or inconstancy with his studies and will need some encouragement from his parents to finish them up with success.

Mercury in 6th house:

Billy will be very practical, reserved, systematic, efficient, and inclined toward mental activities. He will be interested in health, hygiene, medicine, education, and literature. Billy will be a hard worker and will need to be aware of a tendency to be a "workaholic". Thanks to his discipline and self-control, he will excel - first in his studies and then in his profession. Also, he will have a great ability to plan and organize his duties, which will make owning his own business a viable option for him. Billy must learn to control his preoccupation with responsibilities.

Gemini on 3rd house cusp:

Billy will be very clever and will have a great ability to express his ideas. He will be very versatile and curious, so he will know a little of everything, and will always have something to say on any topic. He will probably not be very persevering and will get bored quite easily, especially if his studies are long and/or routine. His mind will be constantly working on ways to achieve the professional success he is seeking. Billy will make frequent short trips in his life and will easily learn different languages. He will make decisions quickly, and though he will not take time to think about them, most of his decisions will be accurate and clever. Billy will be talkative and sometimes it will be difficult for him to keep his secrets safe.

***** Chapter 5 *****

***** Chapter 6 *****

Health: probable physical problems and recommendations for diet and nutrition.

Sun in Virgo:

Virgo rules the intestinal system, the gall bladder, the colon, and the duodenum. Billy will be very sensitive and very open to suggestion regarding illness and health. It will be better for him not to visit places where sick people are; he should avoid talking about illness. His predisposition to hypochondria will often make him suffer illness he has created himself. Billy will think he is ill, even when he is more than healthy. The good thing about this is that Billy will pay attention to his health and nutrition, and will follow the diets and treatments prescribed. His regular problems will be intestinal, like colic, diarrhea, constipation, malnutrition, or parasites.

In order to be healthy, Billy will have to consider the following advice: he will have to avoid elements which irritate the intestinal system, especially spicy things, alcohol, legumes, and fermented cheese; he will have to avoid fried or oily foods; he will have to practice a quiet sport, like golf, croquet, etc.; he will have to eat calmly and peacefully, chewing slowly and dissolving the food quite well before swallowing it; he will have to have a relaxing hobby; he will have to help his intestinal system by eating plain yogurt with no sugar, liquefying vegetables before eating them, and avoiding meat and especially pork; he will have to walk a lot outdoors and also have a group activity which allows him to be in touch with positive and creative people.
