Your Soul Number is THREE.

You are a romantic and an optimist at heart, with a great appreciation for life and all of its pleasures and beauty. Your gifts are imagination, inspiration, the ability to dream and to create.

Your natural generosity, big-heartedness, and good humor wins you many friends. You have an inner joy and buoyancy which enables you to encourage and bring hope to others. However, some consider you unrealistic and naive, for you are drawn to the bright side of life and avoid the dark or difficult aspects of people and situations as much as possible. You do seem to attract more than your share of the good things in life. Comfort and ease come naturally to you. You are a very social creature and you especially enjoy being with creative, playful, spontaneous people. Theatre, dance, music, and other expressive arts have a strong appeal for you. Your weaknesses may include laziness, lack of discipline, and impracticality.

Your Personality Number is ELEVEN.

You appear unusual, unconventional, perhaps unpredictable or unstable. There is a vibrant, electric quality to your personality and people generally have a definite, immediate reaction to you, either being strongly fascinated and attracted, or repelled.

Inventive, creative, innovative, and avant-garde, you prefer an atmosphere that allows for free self-expression and a minimum of rules and regulations. You seem to have a touch of genius about you, appearing to be either very inspired or a little bit crazy, maybe a mixture of both.

You seem indifferent to other people's response to you many times. Your taste in clothing may be unique (or non-existent!)

Your Destiny Number is FIVE.

You have a lively, curious, eager mind and are vitally interested in learning, experimenting, moving with the times, experiencing all you can. A stable, predictable environment that offers much the way of security but little in the way of variety, mental stimulation, movement, or change is not your cup of tea. You seem unstable or unreliable, flitting from job to job or relationship to relationship, for once the challenge and the potential to learn something new is gone, you are impatient to move on. New ideas, new places and faces and unexplored territory beckons you. You may be an insatiable reader or traveler. Freedom, adventure, and change are your lifeblood.

You are an eloquent communicator, quick-witted, articulate, and fluent both orally and with the written word. Your sharp mind and mastery of language combine to make

you an effective and entertaining speaker, salesperson, or teacher. Your path lies in introducing new concepts and innovations, sparking discussion and controversy, and promoting change and progress.

Your Career Number is FOUR.

You are suited for activities requiring discipline, endurance, punctuality, precision, accuracy, mastery of detail, logic, organization, order, a systematic approach.

Careers and Vocations: Engineer, mechanic, draftsman, architect, builder, carpenter, mason, contractor, dealer in furniture, coal, brick, building materials, hardware, manufacturer, technician or technical writer, computer analyst or programmer, army officer, actuary, accountant, trainer, manager, government work or civil service, librarian, office manager.

Your Missing Number(s) are:

FOUR: You lack stamina and are disinclined to persistent effort and hard physical labor. Laziness and lack of discipline may prevent you from realizing your goals. Develop a more down to earth, realistic approach to life, and learn to finalize and complete one project before undertaking another one. You may be a person with much abstract knowledge but little technical know-how. Develop some practical skills.

Your First Vowel is O.

Your instinctive response to any situation is to HOLD FIRM. You will not be coerced into anything and are generally unwilling to change the status quo unless given a very appealing reason to do so. You need security and do not impulsively take risks or venture into untried waters. Though not lacking in courage, you absolutely must have a sense of control, of going at your own pace. Custom and tradition have a significant place in your life and you have strong attachments to your family and place of origin. Stubborn and often extremely opinionated, no one should attempt to influence you by purely intellectual reasoning or arguments. You won't budge. You are much more easily swayed by emotional appeals and by affection, for you have a soft heart. You are capable of much persistence and faithfulness to a purpose or person.

Your First Initial is O.

You like to control your surroundings, and you gain strength and a sense of security from the established, comfortable, and familiar. A home base is very, very important to you, and you are loyal, steadfast, and faithful to your origins. You have a strong sense of family and of community, and will stand by them in good times and bad.

You have a kind nature and feel an obligation to help the less fortunate, but you may limit your aid to those with whom you have personal sympathies, thinking it better to take care of your own first.

You tend to be close-minded, stubbornly holding to your own opinions and turning a deaf ear to anyone who offers information which challenges your currently held beliefs. You are argumentative or smugly silent but rarely are you truly receptive, at least initially.

Your mind is creative and fertile and you often come up with original or unusual ideas. You enjoy inventing or making things.
