This Friends Report is divided into 4 chapters.

Chapter 1 describes your temperaments and personalities. The issues described in Chapter 1 become particularly powerful if you have a close or long-lasting relationship. Idiosyncrasies or quirks in another person's personality do not bother us as much if our relationship is a casual one. For example, if one person is neat and tidy and the other is sloppy, this is more likely to become a concern if you depend on each other in a business partnership than if you are casual acquaintances.

Pay close attention to the issues described in Chapter 2 because these are the most important themes in your relationship. For example, if themes of open communication and friendliness are emphasized, then you can count on this relationship growing into a close, long-lasting friendship. However, if friendliness and harmony between you are hardly mentioned at all, your relationship will be a more formal, less personal one and you probably won't think of one another as close friends. Note also that the material in Chapter 2 is presented roughly in order of importance, so that the material presented at the beginning of Chapter 2 is the most powerful.

Chapter 4 describes issues in your relationship of less importance than those presented in Chapter 2. Chapter 3 describes situations and circumstances that arise over time if your relationship is a long-lasting one.

If a statement appears to contradict another statement, then your roles are likely to alternate. For example, a statement that Oprah is more aggressive than Deepak, and another statement stating that Deepak is more aggressive than Oprah, means that you alternate roles, with Oprah sometimes being the leader and Deepak being the follower, and sometimes just the opposite. Also, read the statements carefully, as it is likely that a careful reading will reveal different kinds of aggressiveness or areas in which the aggressiveness is likely to express itself.

To make the most of this report, combine this astrological analysis with other things that you know about each other. For example, if your relationship is strictly business-related and close, personal friendship is unimportant to both of you, then it will not concern you if there is little warmth in the relationship. However, a lack of warmth and sympathy, or a tendency to be critical and judgmental of one another, is a more serious problem in a parent-child relationship. You may also want to order a Natal Report for each of you. The Natal Report describes your individual traits. The material in Chapters 2, 3 and 4 of this report describes the dynamics of your relationship, but does not describe your individual natures.

Your birth chart interpretation is based on the positions of the planets at the time of your birth. For the benefit of students of astrology, these positions, along with other technical information, are listed below:

Chapter 1

A Comparison of Temperaments and Life Styles that Affect Your Ability to Harmonize with Each Other

Oprah's Sun in Aquarius and Deepak's Sun in Libra:

The two of you make very agreeable friends. You both value equality and fairness, and you try to live up to these ideals in your personal relationships. Both of you are also uncomfortable with neediness, dependency, and emotionalism in yourselves or in other people, and you tend to keep your relationships on a fairly light, intellectual, companionable level (especially Oprah). Oprah is a bit more detached and independent than Deepak. Sharing ideas and common interests is important to both of you in any friendship.

Oprah's Moon in Sagittarius and Deepak's Moon in Virgo:

Deepak is practical, careful, discriminating, and somewhat conservative, while Oprah is idealistic, generous, looser, and more of a gambler. Where Deepak tends to play it safe or to follow a logical, well-defined, and secure path, Oprah is inclined to take risks and act on faith. Oprah is an optimist, while Deepak, though not exactly a pessimist, is certainly a realist.

Deepak is precise, fastidious, and loves order, while Oprah can be careless and indifferent to the minute details that mean so much to Deepak.

Deepak will stay on a budget, while Oprah finds it irksome (if not impossible) to do so! Deepak is punctual; Oprah, often, is not. Oprah tends to exaggerate and promise more than is possible, while Deepak is sober, clear, and impartial, and also more diligent about carrying out promises.

At first, Deepak may find Oprah's optimism and playfulness refreshing and attractive, but over time the two of you could have serious differences, especially if you try to convert one another to your own way of doing things.

Both of you have Mercury conjunct or in hard aspect to Uranus:

Both of you have ideas that are very innovative and progressive, and somewhat ahead of your times. You share a keen interest in scientific discovery, physics, radically new technologies, electronics, and/or esoteric sciences (like astrology) that bridge the gap between soul and body. Each of you is prone to lightning-quick realizations and intuitive insights, and you both have a tendency to get over-stimulated or overloaded with information and ideas. You both tend to be a bit high-strung and sensitive to stress, and would benefit from unplugging the television and stereo sometimes, and regularly cultivating peace and inner stillness.

Chapter 2

Major Themes in the Relationship: What Brought You Together

Sun Mutually Aspects Neptune:

A tremendous amount of idealism, fantasy, and imagination permeates every aspect of your relationship, and consequently it can be difficult for the two of you to see each other in a realistic way. This lack of clarity is likely to lead to bitter disappointments and a loss of confidence in each other later. You also have a strong compassion and sympathy for each other. However, you must guard against the tendencies to exaggerate, hide things from each other, ignite each other's hopes and dreams to unrealistic and impractical proportions, and become so focused on your shared idealism, imagination and fantasy that you are unable to work effectively on mundane and practical affairs.

Oprah's Sun Trine Deepak's Neptune:

The two of you have a strong intuitive understanding of each other, and you inspire each other's imagination, idealism, and aspirations. You help each other to become clearer about your ideals and religious inclinations, and together you develop a greater sense of meaning and purpose in your lives. You help each other to look beyond the daily problems and issues of your personal lives and focus more on altruistic goals and broader issues.

Deepak's Sun Conjunction Oprah's Neptune:

You trigger one another's imagination and idealism. When it comes to practical matters and tangible, practical accomplishments, the two of you fail to coordinate effectively. Many times you fail to really understand each other, and it takes a long time for you to overcome superficial, stereotyped perceptions of each other.

Mercury Mutually Aspects Uranus:

You inspire each other to think along new, creative lines and together you can devise very original and unusual ideas, products, and plans. Be wary of the tendency to be very impulsive when making joint decisions. Sometimes the two of you abruptly seize an opportunity, realizing later that you were swept away by the excitement and novelty of the idea, and the idea is not that practical or realistic.

Oprah's Mercury Trine Deepak's Uranus, Deepak's Mercury Trine Oprah's Uranus:

Your conversations are spirited and often exhilarating. You spark each other to view situations in a new light and you inspire creative, original, inventive ideas. This relationship inspires creativity and originality, and a fresh perspective towards any problem or situation.

Oprah's Sun Opposition Deepak's Saturn:

It is likely that a restrictive, limiting, and even oppressive tone develops in this relationship. Deepak can fall into the role of being the parent, teacher, or taskmaster of Oprah, causing Oprah to feel inhibited and confined by Deepak's seriousness and inflexibility. If Oprah can benefit from the responsible and concerned attitude of Deepak and Deepak can refrain from taking problems or concerns too seriously, then the positive sense of maturity, responsibility, and stability of the relationship can overcome the negative tendencies.

Oprah's Moon Conjunct Deepak's Venus:

Kindness, warmth, and consideration for each other are very strong. You share feelings, your pasts and family roots, personal tastes, and interests openly with each other and you understand and appreciate each other very well. This relationship grows into a close friendship.

Oprah's Venus Opposition Deepak's Saturn:

Emotional distance or coolness, and an inability to feel sufficiently appreciated are problems you are likely to face in this relationship. Oprah, in particular, can feel dominated, stifled, or inhibited socially and emotionally by Deepak. There may be other, more positive astrological influences to offset this basically difficult dynamic between the two of you, but even so there are times when you feel criticized or unappreciated by each other. Deepak, in particular, must try to avoid being too critical or demanding of Oprah.

Oprah's Asc. Square Deepak's Moon:

Irritations over relatively minor incidents and situations, combined with a tendency to have differing tastes, preferences, and interests may damage your friendship. You do care a great deal for each other, though, and both of you feel exceedingly bad after a quarrel. If you can be tolerant of each other's differing attitudes, interests, and lifestyles, the negative tendencies of this astrological influence will be minimized.

Deepak's Asc. Square Oprah's Jupiter:

Oprah draws Deepak out and makes Deepak feel good, but Oprah also encourages Deepak to be extravagant or irresponsible at times. Oprah challenges or dares Deepak to be more of a gambler or more adventurous intellectually. The two of you have a lot of fun together and sometimes go overboard.

Deepak's Asc. Trine Oprah's Uranus:

Deepak's originality and creativity is sparked by Oprah's enthusiasm, eccentricity or "crazy" side. You are both more impulsive when you are together, and more willing to take risks and appear foolish. At the least, this can be lots of fun; at best, it can be very freeing and liberating.

Oprah's Asc. Sextile Deepak's Sun:

There is a pleasant, harmonious quality to your relationship that makes the two of you really enjoy your times together. Whether you are talking, playing, or taking care of chores together, you find that you invariably appreciate and enjoy each other's company, and feel energized when you are together.

Oprah's Mercury Square Deepak's Mercury:

You approach problems and solve mental problems in very different ways, and this tends to be a source of friction in your relationship. For example, one of you may feel that the other depends too much on intuition rather than logic, or makes decisions too impulsively, or focuses too narrowly, etc. These differences tend to be very irritating to each other, so try to be very tolerant of each other. Sometimes you will simply not be able to work together on a problem; you will need to sometimes work independently of each other to "stay out of each other's hair".

Oprah's Mercury Square Deepak's Mars:

The tendency to argumentativeness, verbal abuse, and mutual misunderstanding is very strong so please heed the following advice: try to avoid abusive language towards each other, and do not try to coerce the other person to accept your views. You enjoy challenging each other's ideas, showing the weaknesses, inconsistencies, or superficialities in each other's reasoning. While the intention is good, the net result can be hurt feelings and anger. Typically there is some truth to each other's point of view, but a lack of real appreciation and respect for each other's ideas triggers argumentativeness.

Oprah's Venus Trine Deepak's Neptune:

You evoke in each other a greater sensitivity to music, art, and poetry, as well as feelings of compassion and sympathy. You are inclined to give unselfishly to one another, and to be a friend in good or bad times. Exploring new dimensions of feeling and sensitivity through music, art, poetry, or religion is also highlighted.

Deepak's Mars Trine Oprah's Uranus:

An electric, exciting quality infuses your relationship and you encourage one another to be bold, confident, and assertive. Vigorous physical activities, like sports, are good outlets for the vital dynamic energy you generate together. Your unusual, original, unconventional impulses emerge when you are together, also.

Chapter 3

Destiny and Final Outcome of Your Relationship

Composite Sun Sextile Neptune:

Your relationship will have a mystical or spiritual flavor, and will enhance your psychic perceptions and abilities. To begin with, you'll quickly be able to tune in to one another telepathically, and be able to intuitively know what is happening with each other, even from a distance.

Whatever interests you have in metaphysics, spirituality, or the paranormal will be brought out, and you will explore these together, even if you've only had a passing interest before.

Composite Sun Trine Pluto:

Profound and lasting changes occur in both of you as the result of your intense friendship. You cannot avoid knowing one another very deeply and revealing aspects of yourselves to each other which very few other people have ever seen.

As a team you could be incredibly effective and potent, and you are able influence others very significantly, more so than you probably realize.

Composite Mercury Conjunction Venus:

A shared sense of style, elegance, and aesthetics is destined to be a focus with the two of you. Discussions about art and literature are likely to be common.

You have a very friendly and cordial relationship. You find it easy to talk to each other in a friendly, easygoing manner. This friendship is likely to be a lasting one.

Composite Mercury Opposition Uranus:

The two of you are likely to come up with some pretty outlandish, yet creative, innovative, and original ideas together. Jolts of insight and inspired thinking lead to new inventions, new concepts and methods. A wide-open, experimental, intellectual atmosphere prevails. You may find yourselves communicating at a lightning-quick pace, interrupting each other and finishing one another's sentences because you pick up what the other person is getting at even before they say it. You may feel more brilliant and quick-witted when you are together and certainly you won't be bored.

However, you may also find that you feel tense, "wired" and exhausted by all of the mental stimulation and the fast pace that the two of you have together. Part of the function of your relationship is to wake you both up.

Composite Venus Opposition Uranus:

Much of what occurs in this relationship will be a total surprise to both of you. Even the way you met almost certainly happened suddenly, and may even have created some sort of disruption in your lives.

Throughout your friendship, no matter how long or short lived, this element of the unexpected, of unpredictable twists, of freshness and excitement, and of instability will prevail. You share a strong urge for adventure, freedom, and openness in your lives.

Composite Mars Sextile Saturn:

The two of you work together extremely well. In fact, you work together so well that even if you are family members or acquaintances, but not co-workers or business partners, it is likely that you will undertake joint projects together. You will discover that you are able to successfully finish undertakings together, that somehow both of you can stay focused on the task at hand and bring it to completion. If you are not co-workers or partners in business, you might consider this at some time. If this is a parent/child relationship, you will find that the parent is able to train the child, and the child enjoys working with the parent and the child can study or practice for long hours, whereas with the supervision of many other adults, the child is less likely to do so. As a team you have great stamina and staying power, and through your patient and persistent efforts you will build something solid and enduring. The ability to pace yourselves, develop long-term strategies, and plan carefully works in your favor. Over time, you are able to achieve a great deal, and your achievements are not temporary but genuine and lasting.

Composite Mars Square Pluto:

Between the two of you there is a fiercely competitive and willful energy which may smolder continuously and occasionally burst into active and destructive conflict.

If other factors in your friendship foster harmony and cooperation between you, this powerful and vital energy could be used by the two of you to accomplish something of a very impressive nature. But the dynamic power of your relationship will inevitably also lead to some power struggles. With sufficient respect and humility and intelligent decisions that enable the both of you to succeed, the conflicts can be minimized. This is a relationship that is destined to lead to ambitious undertakings or very competitive games or athletic contests, and not be simply a relaxed, casual friendship.

Chapter 4 Other Themes in Your Relationship

Oprah's Sun in Deepak's 11th house:

You share many mutual friends, social concerns, and common ideas and interests. You may participate in group activities, or an organization, club, or community together.

Deepak's Sun in Oprah's 10th house:

Deepak takes a keen interest in Oprah's career and line of work. Deepak provides encouragement and support to Oprah, but may become overly concerned and meddlesome with Oprah's affairs. Oprah respects and may be unduly influenced by Deepak's opinions.

Oprah's Moon in Deepak's 9th house,

Deepak's Moon in Oprah's 9th house:

If your relationship is a long-term one, you will find that you adopt many of the religious beliefs, political and social outlook and attitudes of your friend. Your overall outlook on life becomes extremely similar, which enables you to feel comfortable with each other and have a harmonious relationship.

Oprah's Mercury in Deepak's 12th house:

Oprah's conversation, interests, and way of looking at things perplexes Deepak sometimes. Nonverbal communication may be more effective than trying to reason with one another.

Deepak's Mercury in Oprah's 11th house:

Your intellectual rapport is very good. You may share lots of ideas and interests in community affairs, political or social issues, and various clubs and organizations. Discussing common ideals is a favored activity with the two of you.

*Oprah's Venus in Deepak's 11th house,
Deepak's Venus in Oprah's 11th house:*

You enjoy going out together and you will develop a love for the same friends, groups, and social activities. You will meet lots of new people and share many new experiences together.

Oprah's Mars in Deepak's 8th house:

Oprah is mysterious, intriguing, and charismatic to Deepak. If you go into business together or pool resources and later separate, disentangling your joint resources will be extremely difficult.

Deepak's Mars in Oprah's 11th house:

The two of you are likely to collaborate on community affairs, political activities, or intellectual endeavors. Deepak encourages Oprah to participate in social groups and contribute to society in greater measure. It is likely that the two of you will collaborate on committees or in some kind of business. Whether your endeavors are successfully depends largely on whether you can work together harmoniously; if you arouse anger in each other, you will end up being adversaries or competitors instead of partners in a team.

Oprah's Jupiter in Deepak's 3rd house:

Oprah loves talking with Deepak, and, in fact, is prone to gossip a good deal with Deepak. Communication is open and uninhibited between you and you find that you are able to discuss a wide variety of topics openly and freely with each other. Your conversations tend to go off in many directions with lots of digressions, and it is sometimes difficult for the two of you to stay focused on a single topic.

Deepak's Jupiter in Oprah's 10th house:

Circumstances develop so that Deepak is able to assist Oprah in career and achieving long-term goals. Deepak takes a great interest in Oprah's ambitions and is a great supporter and promoter of Oprah's talents. You can also be very successful in business activities together. Deepak encourages Oprah to have more faith and confidence and to take risks in career matters.

*Oprah's Saturn in Deepak's 8th house,
Deepak's Saturn in Oprah's 8th house:*

The two of you should not pool your assets or enter into financial transactions together, as this is likely to strain your friendship considerably.

Oprah's Uranus in Deepak's 5th house:

There is a strong creative impulse that is triggered when the two of you get together. You are able to create original and unusual works together and you are more impulsive, daring, and wild when you team up.

Deepak's Uranus in Oprah's 6th house:

The two of you are able to come up with creative approaches to problems but it is difficult to work together on tasks that are irksome or tiresome. If you are colleagues or co-workers, both of you will find that you are good at brainstorming together but cannot always work reliably and conscientiously together.

Oprah's Neptune in Deepak's 7th house:

There is a great deal of fantasy and idealism in your relationship and both of you will need to work hard to maintain a reasonable level of realism and objectivity. Deepak, in particular, tends to have an idealized view of Oprah, and this can result in bitter disappointment later when the cloud lifts.

Deepak's Neptune in Oprah's 9th house:

There is a very tolerant, open-minded quality to your relationship, and both of you find that you put each other in an open-minded frame of mind. You enjoy exploring new ideas and viewpoints and you inspire each other's imagination. You enjoy planning and scheming on a big scale together, but be wary of projecting your fantasies on situations and expecting too much from your plans. Avoid wild speculations and gambling when you are together.

Oprah's Pluto in Deepak's 6th house:

Oprah may profoundly influence Deepak's attitude toward work, health care, diet, or self-development and self-improvement. Deep self analysis and probing into the roots of one's problems are emphasized.

Deepak's Pluto in Oprah's 8th house:

Deepak may be a catalyst for profound changes in Oprah's view of life, death, relationships, and also money and the sharing of resources and assets. Confronting personal demons in these areas is likely through your friendship with one another.

Oprah's Sun Opposition Deepak's Pluto:

The two of you become very zealous when you get together. You connect on a deep level and you motivate each other to pursue goals that are really interesting and exciting. You push each other out of a complacent attitude and galvanize one another's energies. You enjoy intense experiences together. If either of you feels manipulated or cheated by the other, however, you will become fierce opponents and rivals.

Oprah's Sun Square Deepak's Jupiter:

Enthusiasm, optimism, and good will are very strong. Deepak is able to see ways that Oprah can grow, expand, and develop in practical and concrete ways as well as in attitude and inner ways. Deepak, however, may try to push Oprah too hastily and be deceived by unrealistic expectations, resulting in foolish joint speculations and unsuccessful ventures. Try not to let your shared enthusiasm and optimism spawn unrealistic hopes and expectations.

Oprah's Moon Trine Deepak's Saturn:

There is a mature, stable, responsible tone to your relationship. There is a great deal of trust and respect for each other. As you spend more time together, you will find that your tastes, priorities, and sense of what is really important in life becomes very compatible.

Deepak's Mercury Conjunct Oprah's Mars:

The two of you are inclined to mentally spar with each other, challenging each other's ideas and aggressively confronting weaknesses, inconsistencies, or superficialities in each other's thinking. While this can sharpen your wits and improve your mental work, it may also lead to arguments, making you feel attacked and ridiculed by each other. Be wary of hurting each other's feelings or being overly zealous in challenging one another's ideas.

Deepak's Mercury Square Oprah's Pluto:

Your conversations have a deep, probing quality. There is a strong tendency to attempt to coerce each other to understand your point of view and agree with you. Oprah may attempt to dominate Deepak's thinking, or radically alter Deepak's view of things.

Oprah's Venus Opposition Deepak's Pluto:

Powerful subconscious emotional drives come into play in this relationship and you may become exceedingly attached to one another, as well as very jealous and manipulative at times. This is not a superficial friendship. Do make sure your intentions, motives, and purposes are above board and clear; otherwise, you can become enmeshed in emotional or financial entanglements with one another.

Oprah's Venus Square Deepak's Jupiter:

You enjoy laughing, playing, socializing, and going out together to have a good time. You are expansive and generous with one another, and are inclined to spend unwisely, overeat, or otherwise overindulge when you're together. If you live together or work closely with one another, disagreements regarding finances, budgeting, or investments are likely to arise.

Oprah's Mars Conjunct Deepak's Mars:

You energize, stimulate, provoke, inflame, and challenge one another! You can also irritate, anger, fight, push, and drive each other! Together you can accomplish an enormous amount of work, and it is important to you to share vigorous physical activities as an outlet for some of the fire you stir up in one another.

Oprah's Saturn Square Deepak's Saturn:

There is a great deal of underlying friction between you, and you may feel that your friend brings out the worst in you, stirring up fears, worries, and insecurities that you would rather forget.

Your relationship can be a very fruitful one if self-knowledge and personal unfoldment are your aims, for you will be confronted with your hidden, darker side. Instead of blaming your friend for the unhappiness you feel, try to see how your own attitudes and limitations contribute to the situation. You will grow in personal strength and integrity as you do this.
