Tony Robbins's Sun in Pisces and Oprah's Sun in Aquarius:

Both of you are very open-minded and tolerant toward new ideas, the unusual and unconventional. Oprah, however, is much more cerebral than Tony Robbins, who is essentially intuitive and emotional. While Oprah is cool, rational, and always able to give excellent reasons for an opinion or position, Tony Robbins is frequently unable to articulate the feeling, values, and subtleties that color and shape his/her attitude or position. Also, Tony Robbins is a very sympathetic, compassionate person who feels others' needs and pain very directly. Oprah has a humanitarian outlook but is often more concerned with Principles and Ideals rather than with real people and their actual human situations. Oprah, in fact, is capable of considerable emotional detachment and objectivity - unlike Tony Robbins who is hopelessly subjective.

Oprah is uncomfortable with too much emotionality and dependency, and Tony Robbins may want more sympathetic understanding than Oprah is capable of.

Tony Robbins's Moon in Aries and Oprah's Moon in Sagittarius:

Both of you are somewhat uncomfortable with emotional neediness, dependency, and feelings in general. Oprah often intellectualizes feelings rather than experiencing them fully and directly, and may filter personal experiences through a philosophical system that regards certain feelings to be "positive" and acceptable, and other feelings to be "negative", unacceptable, and to be avoided. Tony Robbins may become annoyed with being told how one "should feel" in a given circumstance. In particular, Oprah may try to humor or talk Tony Robbins out of Tony Robbins's anger.

However, there is also much harmony and compatibility between you on an emotional level. Both of you crave personal freedom and a certain degree of independence. Neither of you wants to be completely "owned" by another person. You both crave new experiences and adventure, and find one another to be very congenial companions.

Also, both of you enjoy lively, competitive play or high-spirited intellectual sparring.

Oprah's Sun Conjunct Tony Robbins's Venus:

You enjoy a high degree of harmony and congeniality in your relationship. You have much in common in terms of styles, tastes, and entertainments. You work together well on projects that involve a strong aesthetic, artistic, or social element.

Oprah's Sun Conjunct Tony Robbins's Mars:

You inspire each other to be very active in both work and play, and to accomplish a great deal. You enjoy challenging each other and perhaps enjoy competing with each other in games. The only negative tendency is to possibly develop a rivalry with each other; this is especially possible if Tony Robbins comes on too forcefully, directly and aggressively, hurting Oprah's feelings or pride.

Oprah's Sun Square Tony Robbins's Neptune:

You must guard against mutual deception and misunderstandings. Oprah tends to have an unrealistic view of Tony Robbins, and Tony Robbins has a tendency to unconsciously capitalize on Oprah's imaginative and often simply erroneous perceptions. The tendency to be dishonest, hide things from each other, exaggerate, and spur each other to unrealistic hopes and dreams is very strong. Both of you must be able to distinguish fantasy from fact, and utilize the increased sensitivity and heightened imagination that you inspire in each other, without letting it cloud your ability to clearly and realistically see each other and understand each other.

Tony Robbins's Sun Trine Oprah's Saturn:

If the two of you depend on each other to accomplish practical tasks and be responsible, mature, and dependable to each other (such as in a business relationship or employer-employee relationship), then you will find that this aspect of your relationship is excellent. You can trust each other to get the job done and focus on the essential tasks. You have good attention to detail and you are able to focus on the most important issues when you work together. There is a strong sense of mutual commitment and dedication to each other.

Tony Robbins's Moon Opposition Oprah's Neptune:

You enjoy sharing your hopes, ideals, social concerns, dreams and fantasies. You work well together in areas that require great imagination, such as the arts and music.

Tony Robbins's Moon Square Oprah's Uranus:

The two of you can be eccentric and zany together. You snap each other out of your usual habits and you act spontaneously and creatively. Many times it is difficult for the two of you to focus on practical, mundane affairs together - you would rather spend your time together doing something more exciting and original. This relationship follows an unpredictable course and you are likely to come together and then drift apart frequently and unexpectedly.

Oprah's Moon Square Tony Robbins's Pluto:

This relationship, especially if it is of reasonably long duration, will change both of you more profoundly than either of you would suspect at first. You share much of your personal past history and you reveal much to each other that you normally do not share with others. You may regret your candor at times, and there are qualities in each other that annoy you intensely, qualities that you do not want to acknowledge are also part of yourself!

Tony Robbins's Moon Trine Oprah's Pluto:

The two of you will grow to be very close friends. You are able to really "feel" what the other is saying. For example, whether you are playing sports, watching a movie, or showing each other something you really like, you find that most often you can do it with an intensity and depth of feeling that you cannot express to most people.

Oprah's Moon Sextile Tony Robbins's Mars:

Your relationship is dynamic and energetic. If both of you enjoy athletic sports or other physical activities, you will have a wonderful time sharing these interests. You work well as a team and you are able to coordinate your efforts in a very harmonious, successful way.

Oprah's Mercury Opposition Tony Robbins's Uranus:

You tend to be impulsive and impatient with each other, and misunderstandings can suddenly spill into arguments. You may accuse each other of being unreliable, inconsistent, and tactless.

Tony Robbins's Mercury Trine Oprah's Mars:

You inspire each other to refine and clarify your ideas, plans and strategies. You are an effective team in research, writing, or business pursuits. You also help each other to successfully implement a plan or follow through on an idea until it manifests as a successful product or creative work. You also have spirited, feisty debates with one another.

Tony Robbins's Venus Conjunction Oprah's Venus:

You enjoy the same pleasures, and your sense of aesthetics and beauty is very similar. Because your tastes are so similar and you enjoy many of the same activities, you enjoy each other's company and will probably grow to be very good friends.

Oprah's Venus Conjunction Tony Robbins's Mars:

It is very likely that the two of you will engage in activities of an artistic or aesthetic nature. You can be unusually creative together, especially in crafts or arts.

Tony Robbins's Venus Square Oprah's Saturn:

Feelings of estrangement, distance, coolness, or lack of appreciation and affection characterize your relationship from time to time, and Tony Robbins in particular feels inhibited or criticized by Oprah. You take your commitment, responsibility, and obligations to one another seriously and you may depend heavily on one another financially or emotionally, but you tend to become too formal and rather joyless if you spend too much time together.

Oprah's Venus Square Tony Robbins's Neptune:

You bring out the dreamy, artistic, poetic, romantic side of one another and your friendship can have a pronounced spiritual or platonic tone. Misunderstandings, evasiveness, or outright deception can easily occur between you, however, leading to disappointment and disillusionment over the failure of your friend to be all you hoped and imagined. Beware of seeing only what you want to see in one another, and be very cautious in any joint financial arrangements or investments.

Tony Robbins's Mars Square Oprah's Saturn:

In your friendship, Tony Robbins is the eager, passionate, active and impulsive one, and Oprah frequently puts on the brakes or tries to control, play down, and restrain Tony Robbins's desires and drives. Tony Robbins is likely to feel very frustrated, angry or discouraged if Oprah expresses disapproval or caution too often, and this can be a source of considerable friction between you. Oprah feels overwhelmed and envious of Tony Robbins's intensity and assertiveness, but instead of trying to hold Tony Robbins down, Oprah should confront the fears and inhibitions that Tony Robbins's directness evokes.
