Chapter 1: How You Approach Life and How You Appear To Others

Libra Rising:

You are a natural diplomat, reasonable, tolerant, fair, always willing to listen to varying viewpoints, and ready to see the other side of an issue. Even if you strongly disagree with someone, you will try to find points of similarity and agreement rather than emphasizing the differences. You often avoid taking an extreme or one-sided stance on anything. You have a strong desire for harmonious and pleasant relationships, and express a spirit of cooperation, compromise, friendship, and fairness. You very much want to be liked and because of your need for approval and acceptance, you are easily influenced by others' opinions, especially when young. You so much want to please that often you will suppress your own intense or unpleasant feelings in order not to offend others. Sometimes your politeness is interpreted as phoniness or wishy-washiness.

Your need to create harmony extends to your physical environment and personal appearance as well. You appreciate beauty and have a natural sense of balance, symmetry, and proportion. You do everything in good taste, with a sense of style and art. From your home furnishings to your choice of clothing, everything must be aesthetically appealing, not simply functional or utilitarian.

You also feel that relationships are an art, one that especially interests you and one that you are usually quite skilled at, for you possess tact and acute awareness of other people. Marriage is very significant to you and finding the right person to share your life with is extremely important. Being part of a close couple seems natural to you - you are not an independent loner. Having a partner increases your self-confidence. You do have a tendency, however, to become overly dependent on your partner and perhaps not to develop a clearly defined identity outside of the relationship. Finding the balance between being yourself and blending and uniting with another is a challenge for you.

Others see you as an agreeable, smooth, harmonious, and "nice" person. Though there may be much more to you, this is the sort of face you show to the world. You possess personal charm and an understated, noncombative manner. Your motto could be "you catch more flies with honey than with vinegar" for you usually take a friendly, cooperative approach rather than a strong, forceful, I'm-going-to-conquer-the-world attitude.

Chapter 2: The Inner You: Your Real Motivation

Sun in Pisces:

At heart you are very gentle, impressionable, and receptive - a dreamer. The world of your imagination, feelings, and intuition is as real to you as anything in the outer world, though you may have trouble verbalizing or interpreting your inner experiences in a way others can understand. Mystical, artistic, musical, emotional and imaginative, you have a

rich inner life, though you may seem rather unobtrusive and quiet outwardly. You usually keep to yourself.

You have great sensitivity and empathy with others, and you often sense things psychically or intuitively which prove to be correct. You are tolerant, forgiving, and nonjudgmental, accepting people unconditionally regardless of their flaws, mistakes, or outward appearance. You have deep compassion for the suffering of any fellow creature and often feel others' pain as if it were your own. You sympathize with the needy, the disadvantaged, the misfits of society. You are capable of giving selflessly, living a life of devoted and compassionate service to others, as a healer, physician, social worker, or minister. However, you tend to give indiscriminately, to let others take advantage of your kindness, and to encourage the weak to remain so by becoming dependent upon you. You have little sense of boundaries, of limits, of knowing when to say "no". Moderation and self-discipline are not your strong points.

You are a lover and a peace-maker rather than a fighter, and you try to avoid open conflict. You will patiently ignore or "tune out" problems and hope they will go away by themselves, rather than directly confronting them, and you tend to lack the positive fighting spirit that is sometimes necessary to overcome challenges. You are fluid, open, nonresistant, and somewhat passive. You do things in a subtle, often covert, manner.

Your gifts may also lie in the realm of the creative, artistic, or musical, for you have a great sensitivity, inspiration, and limitless imagination. You respond very strongly to beauty and to love.

Your faults include a tendency to be lazy and negligent, and to wallow in self-pity rather than taking strong, definite action to change your life for the better. You also tend to become so detached from your immediate environment that you live in a disorderly, chaotic sort of hodgepodge, though this probably bothers those around you more than it bothers you.

Sun in 5th house:

You have a very dramatic, creative, expressive nature and you love to perform. You enjoy being the center of attention and you seek to shine, to excel, and to be outstanding in some unique way. You are very involved in your own creativity and self-expression, and take great pleasure in developing and using your special talents, whether these are artistic, athletic, or intellectual. You have a strong sense of pride.

Sun Trine Neptune:

You are imaginative and sensitive to anything colorful, beautiful, or magical. You are attracted to artistic and creative pursuits, music, and mysticism. Your spiritual values color your whole perspective and approach to life. You are idealistic and perhaps impractical.

Chapter 3: Mental Interests and Abilities

Mercury in Pisces:

You are more of a poet than a rational scientist, for your mind does not function in a strictly logical, linear fashion. The language of music, art, or poetry is natural to you, and you are also able to think in highly abstract and symbolic terms. Translating your thoughts and impressions into concrete, everyday language may be difficult for you at times and consequently you may appear less intelligent or at least less quick-witted and verbal than others. This was especially true of you as a child, and you probably daydreamed a good deal also. You are intuitive and are able to sense what others' thoughts and feelings are, even before they say anything to you. You often form an opinion about a person or situation without much factual knowledge of them, and your impressions are usually correct. You can be somewhat absent-minded and you become so immersed in your own thoughts that you overlook things in your immediate, tangible environment. You are extremely open-minded and believe that anything is possible. Intangible or spiritual forces seem just as real to you as anything in the concrete world. Your imagination and your sympathetic understanding of other people are two of your greatest gifts.

Mercury in 6th house:

You use your mind to organize, classify, and bring order to your environment. You are interested in the refinement of your technical skills and abilities and are a stickler for details. Organizational and secretarial skills, training others in your area of expertise, or work involving teaching and communications are highly probable for you.

Mercury Square Jupiter:

You have an abundance of ideas, interests, and plans for the future, and may find it difficult to focus on any particular area. You are not a specialist for you seek to get the broad overview, to see the whole picture rather than closely examining any of its component parts. Philosophy, religion, or other areas of theoretical speculation interest you.

You also possess foresight, numerous enterprising ideas, and a gambling instinct, all of which contribute to your success in the world of business. However, your optimism and grand vision can get you in trouble too; you sometimes promise more than you can deliver, gloss over important details that come back to haunt you later, and overestimate the potential of an idea or product.

Traveling is a great love of yours, especially if there is a mind-expanding or educational aspect involved, and you may travel extensively in your work. Consulting or education would be good fields for you.

Chapter 4: Emotions: Moods, Feelings, Romance

Moon in Aries:

Emotional outbursts are frequent with you due to your fiery temper and emotional impulsiveness. You express yourself very directly and honestly and no one has to guess what your true feelings are. However, you dislike showing any personal weaknesses or needs for support, comfort, and nurturing. You are often impatient with yourself and with others. You abhor emotional dependency and dislike "complainers".

You inspire others to take positive action in their lives by your own enthusiasm and eagerness to meet life's challenges, and are attracted to people who are adventurous, courageous, and independent. You are rather bossy, but you do not like to be with people that you can boss around too much. You enjoy a good fight sometimes. Relationships built upon mutual respect and a good deal of emotional freedom are ideal for you.

You become very cross if you do not have enough vigorous physical activity. You will feel your best if you "do battle" on the tennis or racquetball court (or engage in some other competitive sport) frequently.

Moon in 7th house:

You depend a great deal upon other people for emotional support and you have a large "family" of friends that care about you and treat you as kin. The women in your life are particularly important to you, and your relationship with them powerfully influences your sense of security and happiness. You may be overly dependent and unsure of yourself without a close partner.

Moon Trine Uranus:

You are uninhibited and spontaneous and will often do something unexpected or humorous in order to loosen people up and get them out of their ruts. You crave emotional stimulation, excitement, surprises, and anything new. You love to feel free and unfettered.

Venus in Aquarius:

You are open and unconventional in your attitude towards love, romance, and sex. You enjoy socializing, bringing people together, and having many friends of both sexes. You value friendship very highly and are, in fact, more comfortable being a friend than a lover. You desire an intellectual rapport or spiritual bond with your love partner, but deep intimacy and emotional bonding do not come easily to you. The role of "husband" or "wife" in the traditional sense doesn't appeal to you, and you abhor jealousy and possessiveness since you feel that no person truly "belongs" to another. You appreciate a love partner who will allow you plenty of freedom and is not very emotionally demanding.

Venus in 4th house:

A warm, loving, and comfortable home is very important to you and you invest a lot of your energy into beautifying, decorating, and creating a lovely home. Also, you share your affection with the people in your family very generously and having close family ties is a major priority for you. Being at home makes you happy.

Venus Conjunct Mars:

You are extremely amorous and it is difficult for you to go without a romantic involvement for very long. When you are attracted to someone, you pursue them very ardently and sometimes come on too strong. Doing creative work or artistic work can also satisfy the very strong desire for love and beauty that you feel.

Venus Square Neptune:

You have a very romantic, idealistic vision of love and may be disillusioned to discover that no real, flesh-and-blood human being ever quite lives up to your dream image of the Perfect Love. Though you frequently fantasize about love and romance, you may avoid becoming intimately involved with anyone or making definite commitments. You can be evasive and dishonest with yourself and others, when it comes to love. Some of your love yearnings may be expressed through art, music, or an involvement with mysticism.

Chapter 5: Drive and Ambition: How You Achieve Your Goals

Mars in Aquarius:

You are very socially oriented and work well in cooperation with others. You may be active in community affairs or unite with others of similar ideals and intentions to work toward a common goal. Progressive and democratic, you are not concerned with hoarding personal power or having authority over others. You are a team player.

New, unconventional methods appeal to you, especially ideas that involve bringing people together or creating fairer working conditions - such as networking, profit-sharing, job-sharing, etc. New technologies also interest you.

Your energy level is high but somewhat erratic. You can be impatient, rebellious, and inconstant in pursuing your aims.

Mars in 4th house:

It is not easy for you to show the world at large your angry or competitive side, but your family sees this side of you more often. Temper tantrums, tumultuous family relationships, or a great deal of competition between you and one or more of your relations is likely. You like to be the one in charge in your home and you put a lot of energy into making it the way you want it.

Mars Square Neptune:

Ordinary life often seems drab and uninteresting to you and you must have something that stirs your imagination, some vision or ideal or dream to motivate you. You have a strong urge to act out your fantasies or to live your dream, and you will DO things that others only talk about or dream about. Artistic creation, drama, or other areas in which you can express yourself imaginatively are excellent for you.

Work that serves only your own narrow personal interests does not satisfy you. You may lack the competitive edge, the fighting spirit, the me-first attitude that is often required for material advancement and success. You also tend to either overestimate or underestimate your own power and abilities.

Chapter 6: Other Influences

Jupiter in Sagittarius:

Your strength lies in your ability to see the whole, rather than only the parts which compose it. You have a deep need to explore the world and to develop your own philosophy of life and sense of personal meaning. You vacillate between being open-minded and tolerant of differing views, and being dogmatic or overly zealous about your own viewpoint.

Jupiter in 3rd house:

You have a great love of learning and an eager, curious, active mind which impels you to travel and see as much of the world as possible. You read widely, and may excel academically. You love being in a teacher-student relationship and may stay in school for many years, prolonging your studies for as long as possible! You also communicate well and would be an effective, inspiring teacher.

Public relations or any field involving communications and sharing information also suits you very well.

Jupiter Trine Pluto:

Your sensitivity to the larger social context of a project gives you the perspective to discern good opportunities and attract successful pursuits. You are likely to achieve a high level of success in your career or business.

Saturn in Capricorn:

You have a great capacity for self-denial in the pursuit of a long-range goal. You are capable of hard work and persistent labor, but you may lack joyfulness and the ability to play. You often feel burdened by life's demands and responsibilities, and may envy those who seem to attract what they want in life without a great deal of personal effort.

There is a very judgmental, stern, and uncompromising side of yourself which may inhibit you a great deal. You must avoid becoming heavy and cynical, or becoming a rather callous, sophisticated adult whose practicality and realism squeeze out the playful, imaginative side of life.

Saturn in 4th house:

Your childhood or your relationship with your parents was restrictive, unloving, or unhappy in ways that may prevent you from allowing other people to get close to you in later life. You felt deprived in some manner, whether or not you actually were deprived in some way. Emotional separations or repression of your needs and feelings may typify your early life, at least as you remember it. Forgiving your parents and/or letting go of any resentments you have about the limitations you experienced early in your life is crucial. Also, you need to build your own solid foundation, and investing time and energy into your home, domestic relationships, and inner life can help you accomplish this.

Uranus in Leo:

You are part of a 7 year group of people who are unusually self-willed, proud, and egotistical. You are a group that defies authority and insists on having its own way. Parents and school teachers found that it was extremely difficult to discipline your age group. Governments that are repressive to individual expression and freedom meet a great deal of resistance from your age group, and you tend to rise up against any form of tyranny and oppressive rule.

Uranus in 11th house:

You have unusual, even eccentric friends, and you are likely to join groups, communities, organizations, or clubs which promote progressive or unconventional ideas, social change, or innovation in some form. You are dynamic and creative in business affairs and in organizations.

Neptune in Scorpio:

You are part of a 14 year group of people that have very intense psychic sensitivity and imagination. Your age group is very attracted to the strange, weird, and unusual. The sense of the macabre and bizarre is strong, and this is reflected in much of the music, art, and fashions of your age group. Novels and movies with mystery and chilling suspense are also popular with your age group. Emotional depression, drug use, and suicide are likely to be relatively high in your age group. There is also a deep mystical sense, and Eastern religions and meditation are very attractive to your age group.

Neptune in 2nd house:

You may have a great deal of confusion over money, financial matters, and ownership. Perhaps these things mean very little to you. Or possibly you simply don't know how to deal with them in a realistic, effective way.

Also, you may make your living through artistic, musical, or highly imaginative endeavors.

Pluto in Virgo:

You are part of a 15 year group of people that are driven by the need to find an ethical standard and a clear sense of what is right and what is wrong. There is a subconscious drive to straighten out all the world's evils and create a world of perfect order. There is a feeling of repulsion to anything ugly, dirty, or grotesque. Oddly enough, there is also often a fascination with these very things that are so distasteful, and often a feeling of hopelessness and despair about the world's condition.

These inner, emotional and conflicting qualities are reflected in the attitudes and life styles of your generation. Most people of your age group are conservative and ethical, and a small minority goes to the opposite extreme and relishes being strange or unusual in appearance, and sloppy or even grotesque in manners and appearance. There seems to be no middle ground for your generation. Usually, the rebellious type of behavior comes out during adolescence, and tends to subside thereafter, and your age group tends to be very conservative in later life.

Your age group is not very good at compromising and tends to have strong ideas about what is right and what is wrong. There is a strong feeling that you must extinguish evil in the world. Certainly, fostering good works is very commendable, but a categorical and simple-minded response to complex issues is not helpful. Your age group will undergo great transformations in attitudes regarding Good and Evil and will swing to great extremes. Your generation will also make great contributions in the areas of medicine and nutrition, ecology, and education.

Pluto in 11th house:

You may have a deep aversion to groups, associations, clubs, or organizations of any kind. Any such group you become involved in is likely to be either for intense personal growth, change, and healing, or centered around social change and revising society in some manner.
