Your Soul Number is THREE.

You are a romantic and an optimist at heart, with a great appreciation for life and all of its pleasures and beauty. Your gifts are imagination, inspiration, the ability to dream and to create.

Your natural generosity, big-heartedness, and good humor wins you many friends. You have an inner joy and buoyancy which enables you to encourage and bring hope to others. However, some consider you unrealistic and naive, for you are drawn to the bright side of life and avoid the dark or difficult aspects of people and situations as much as possible. You do seem to attract more than your share of the good things in life. Comfort and ease come naturally to you. You are a very social creature and you especially enjoy being with creative, playful, spontaneous people. Theatre, dance, music, and other expressive arts have a strong appeal for you. Your weaknesses may include laziness, lack of discipline, and impracticality.

Your Personality Number is SIX.

People are naturally drawn to you for advice, counseling, comfort, and assistance, for you radiate a sympathetic and protective concern for the well-being of others. You seem motherly or fatherly, and you inspire confidence and trust. You have a helpful, understanding demeanor and you like to be of service.

It is essential for you to be in harmonious surroundings that have a personal, loving touch. Even in your office or work place, you will create an environment that is warm, comfortable, and "homey".

You tend to dress modestly and are not especially fashion conscious, though you do have an eye for what is appealing and harmonious. You often put your family or other people ahead of yourself, and you may neglect your personal appearance. Usually you have other priorities ahead of your wardrobe or personal adornment. You dress mainly for comfort, and exotic, dramatic, flamboyant styles are definitely not for you.

Your Destiny Number is NINE.

Your concerns are broad, your sympathy is all-embracing, and your path lies in LIVING your ideals of universal brotherhood through compassionate service.

Tender-hearted and generous, you are easily swayed by emotion and by people in need. You need to learn discrimination, who you can really help and who will only drain you. Your interests are so wide, it may be difficult for you to focus and concentrate your attention on developing a single one. Try to discover where your talents lie (as shown by

the other numbers in your name and birth date) and develop them as fully as you can, for the benefit of all.

Working as a counselor, teacher, minister, in public or civic work, or in any area that involves making bridges between people and bringing them together would be appropriate for you. Music or the arts also suits you.

Much of the work you do will be subtle, inner, and spiritual: encouraging people to love, accept, and forgive themselves, bringing hope and being an ambassador of good will wherever you go.

Your Career Number is ELEVEN.

You are suited for activities requiring clarity, decisiveness, leadership abilities, inventiveness, creative inspiration, intuitive insight, and courage.

Careers and Vocations: Scientist, inventor, inspirational writer, lecturer, teacher, political activist, reformer, psychic, astrologer, philosopher, abstract thinker, artist, musician, iconoclast and innovator in any field, electronics, computer technology, psychic sciences.

Your Missing Number(s) are:

FOUR: You lack stamina and are disinclined to persistent effort and hard physical labor. Laziness and lack of discipline may prevent you from realizing your goals. Develop a more down to earth, realistic approach to life, and learn to finalize and complete one project before undertaking another one. You may be a person with much abstract knowledge but little technical know-how. Develop some practical skills.

EIGHT: You lack business sense and may have little interest or ambition for material achievements and success. You can be very impractical and naive about finances, investments, legal procedures, and the ways of the world, thereby making foolish decisions. Try to develop an interest and an education in these matters to prevent regrettable and costly mistakes of judgment in your finances. You need to learn to manage time and resources more efficiently.

You disdain commercialism and don't understand its value. Therefore you are unlikely to be able to sell either products or ideas to others, which in turn may prevent you from sharing your creative efforts with a wide audience.

Your First Vowel is O.

Your instinctive response to any situation is to HOLD FIRM. You will not be coerced into anything and are generally unwilling to change the status quo unless given a very appealing reason to do so. You need security and do not impulsively take risks or venture into untried waters. Though not lacking in courage, you absolutely must have a

sense of control, of going at your own pace. Custom and tradition have a significant place in your life and you have strong attachments to your family and place of origin. Stubborn and often extremely opinionated, no one should attempt to influence you by purely intellectual reasoning or arguments. You won't budge. You are much more easily swayed by emotional appeals and by affection, for you have a soft heart. You are capable of much persistence and faithfulness to a purpose or person.

Your First Initial is T.

You have a clear, sharp mind with a keen eye for fine detail. You are capable of painstaking precision and are particular about small details that others may consider minor or inconsequential. Refinement, polish, finesse, and perfection in your work are your trademarks. However, you can also be overly critical and not easy to satisfy.

Intuitive and sensitive, you are strongly influenced by the emotional tone of your surroundings. Discord or tensions in your immediate environment are hard for you to tolerate. You seek harmony and are a peacemaker, bringing people together, fostering cooperation. Sometimes it is difficult for you to make decisions or commit yourself in a definite way, as you are able to see the merits in all sides of an issue.
