***** INTRODUCTION *****

The Solar Return is a chart calculated for the time that the Sun arrives at the exact position of the Sun in your natal chart. That happens once every year around your birthday, but at a different time each year. This chart is calculated for the time of the Sun's return this year and marks the principal events for the year from birthday to birthday. This report also gives the location of your Solar Return. From this, it can be determined that some places are more favorable than others. With the aid of more than one report you could analyze the changes that are produced in the Solar Return Reports, choosing from different locations where you would want to spend the day.

This report essentially is divided into two parts. The first part analyzes the general external conditions of the year: opportunities and problems that could occur in different areas. For the benefit of students of astrology, the influence of the Ascendant and Midheaven of the return are described as well as that of the Sun and Moon.

The second part analyzes the twelve astrological houses, marking specifically in what area of your life the various astral influences will be manifested, emphasizing your probable responses and inner changes. This section analyzes the position of the solar houses on the natal houses, the planetary conjunctions, and the location of the planets in the houses. You will be given a description of the most important matters derived from the placement of the planets in the houses, which are outlined in the text for each of them.

In some cases you will find contradictions. A planet may be beneficial in a certain area, while others may indicate the opposite situation. This means that you could have two types of possible situations during the year. For example: a lover's quarrel and a following reconciliation. To get the most out of this report, it will be necessary to use your own logic and intuition, fitting the descriptions outlined here to your own particular case.

The objective of this report is to offer you a practical guide that helps you to analyze this year's prospects and to learn from them using your free will.

******* FIRST PART *******

**Chapter 1:
General characteristics of the year. The external conditions.**

Solar Return Ascendant Aquarius :

This will be a very unusual year. It brings different circumstances and experiences and changes in your daily routine. You will have a strong desire for more freedom. You may surprise others around you with changes in your normal, everyday behavior due to the influence of Uranus. You will feel the need for space and a lot of freedom of movement. Anyone or anything that stands in your way will not be tolerated. You are not willing to accept any kind of compromise and you will rebel against what you determine to be undue pressure to conform to the wills of others. If you are not this kind of person normally, the change in your personality will be very obvious. If you are already extroverted and changeable by nature, you should be careful not to go to extremes.

You will be thinking more toward the future than to the present or the past. Your creativity will increase and you will conceive ideas and projects that will be of great value to you in the years to come. You will be looking at what has up to now been important to you and want to discard some of it because your interests are changing at this time and you will be drawn to the new and unusual.

It will be a good year for social relationships and friendships. It also favors participation in group activities, clubs or committees that you may have thought of joining before, but have not acted upon. In spite of your sociability, tension may develop between you and people who may try to limit your freedom.

Physically, you will have a lot more nervous energy that could make you more anxious and restless than usual. It will be important to pay special attention to your nervous system. It is advisable to alternate periods of rest with your intense activity and spend some time outdoors with nature, especially in places where there is clean air and water. This will give you much needed relaxation and quiet. If this is not possible, soaking in water and listening to soft music would be very helpful.

This new obsession with freedom and variety in your life could bring you in contact with people who will want to organize you or control your actions. This will clash with your desire to go your own way. If you already have an important person in your life, they might be upset by the changes in you which could lead to fights or disagreements. You could begin a new relationship with a person who is attracted to your new persona. However, after this year is over, you may lose your interest in the unusual and strange, and your new partner will wonder what happened to you. Actually, this is not the best year for forming any permanent, binding unions unless you are by nature this Aquarius kind of person. In that case, your true character will simply be exaggerated now, and you will have found a person who is actually very compatible with you.

In spite of the complications you may experience this year, you can be sure it will not be dull. Let yourself enjoy whatever adventures you have and the new, fun friends that you have made!

Solar Return MC Sagittarius:

During this year you want to reach for the stars! . Your optimism and your faith will be the principal ingredients for your advancement and the realization of your goals. This influence brings you a dose of general luck with your projects. You have a cosmic protection that will be with you all year. You will more convincing and persuasive than you have ever been. This could be beneficial to you in politics, business or any other related field.

If your usual work is related to travel, tourism, diplomacy, international business, teaching, photography or the theater, it will be a successful year. You might also find yourself renewing an interest in one of these areas that you have had in the past. You might even be involved in more than one occupation during this year. Don't allow yourself to get too busy or involved, thereby spreading yourself too thin. It's important to concentrate on your major goals for the year. Otherwise, you will not use your energy wisely.

You could travel and visit other countries during this period, if other indications in this report confirm it. If not, you could use this time to expand your mental or spiritual horizons. You may not have to travel to have new experiences as you could attract into your present physical arena new people who share new ideas and stories of other lands with you. Or you might decide to study a foreign language.

You won't spend much time at home during this period, and could find a "second" home some place where you feel comfortable. You will be very restless and will have a desire to interact with others. This could take place outside of your home, or you may receive a lot of visitors in your home. There might also be more contact and relating to brothers and sisters and other close relatives. Communication is the major key to resolving any disputes that could arise. If you were thinking of moving, you may think about it even more now, and finally make up your mind to do it.

Chapter 2: Astrological influence of your personality.

Sun in 1st house:

Your self-respect, pride and vitality will increase during this year. One of your fundamental goals will be to define your place in the world, and for that you will work with more energy, enthusiasm and authority. If by nature you are a timid person, you will surprise others with your power of decision and your initiative. If you are already a confident, positive person, you will express yourself naturally this year and you will find favorable solutions to your problems.

One of the most important characteristics of this influence is the increase of your will. It gives you the energy to work long and hard in order to achieve your goals. On the negative side, you could become domineering, arrogant, excessively proud and vain. It would be advisable to moderate these attitudes because you could alienate others who would then try to prevent you from accomplishing the things that are important to you. Listen to what your own INNER VOICE tells you when you are in doubt. You will then be true to yourself and will follow the most desirable path for you.

Your vitality will also be very strong. Should a health problem arise, it will be of short duration. If you are already suffering from some illness, the healing process should be fast and effective. It would be advisable to get out into the sunshine whenever possible to replenish your energy.

This influence increases your intuitive judgment and trust in yourself that you can accomplish whatever you set out to do. Set your doubts aside and follow your true desire. Success is in your corner.

Sun conjunction Neptune:

Your sensibility and power of perception will increase a lot during this period, and your first impression of those you meet will usually be right. By following your intuition you will know in advance what is going to happen. Trust your inner voice. You also may become interested in many subjects related to the occult or paranormal and manage to develop deeper perceptions. Some of these interesting psychic experiences will probably affect you for a long time.

On the other hand, your desire to help other people in a charitable manner will also increase. You will probably participate in some charitable organization in your community.

On the negative side, this astrological aspect brings a tendency to want to escape reality. If you have a very difficult life, you could easily acquire some kind of a bad habit or escapist activity in order to free yourself from tensions. You must try to control your habits, such as cigarettes, alcohol or drugs, or even the mere habit of sleeping too much. At times, you may not see things as clearly as you should. It would be better to confront yourself and find out who you really are than to try to run away or escape.

Sun square MC:

You could meet with obstacles or oppositions in your profession during this year. You will have to work and sacrifice more in order to achieve the position that you desire. Don't get too obsessed with blaming others though because it could be due, in part, to the fact that you reject the ideas and opinions of others. Due to your negative attitude, your social life could also be affected. You will feel that your objectives are not in tune with others and will insist on doing things your own way. You will probably prefer working alone as much as possible this year so you will not have to deal with opposition from others.

Situations not related to your profession could also be problematical for you. These could be things like disagreements with your partner or business associates, problems in your home life, or your own lack of enthusiasm for and trust in your own projects. It is important that you define your goals and that you work with perseverance to achieve them without letting anything get in your way.

Sun sextile Mars:

You will be full of enthusiasm and vitality. Your high energy level will make it possible for you to set and attain many of your goals during this year. You will trust and believe in yourself, feel good about yourself and deal constructively with any situation you encounter. Your positive attitude will enable you to use your physical energy appropriately. You shouldn't have to deal with many physical problems this year. Anything that does trouble you will be dealt with easily and quickly.

This astrological influence emphasizes your leadership ability. It is likely that you will take on a new position at work, one that lets you work more independently. You will easily be able to communicate and convey your ideas to others. Your enthusiasm for your work will be contagious.

In addition, you will show a protective attitude toward your loved ones. You will be very open and sincere with your friends and will be willing to lend a helping hand to those who need it. You will also feel quite adventurous, wanting to travel and explore new and fascinating places.

In conclusion, this will be a very active year and one of big accomplishments.

Sun semisquare Venus:

You may encounter, and have to deal with, some unresolved romantic problems from the past. Stay calm and develop a positive attitude toward your partner, as well as your social life in general. The irritations and displeasures caused by others could be the reflection of your own inner uneasiness. This aspect generates a desire for comfort and pleasure, which could lead to disruptions in your routine, followed by a possible loss of income. Do your best to control these yearnings and search for a creative solution for your inner dissatisfaction.

Sun semisquare Saturn:

Your energy level could fluctuate during this year which could lead to moments of depression or general fatigue. You will probably have the desire to isolate yourself to some extent even from a close companion or live-in partner. You should maintain a positive attitude and face life in a positive way. Otherwise, you will become very frustrated and unhappy.

It is important for you to develop your sense of responsibility, examining your life more objectively. The obstacles that you will encounter are due to your own negligence and disorder. During this time you will experience some opposition or lack of support from those around you, especially those who are authority or parental figures for you.

Chapter 3: The emotional world.

Solar Return Moon in Taurus :

You will feel more emotionally stable during this year. There probably won't be many changes, but if there are any, they won't affect you that much. You will find it easy and satisfactory to express your affections. You will have a good time and will receive much cooperation from others.

On the other hand, this influence could cause you to worry more about your future stability, and you will look for business opportunities or investments that could earn you more money. You will have good possibilities for economic growth during this period, but don't concentrate all your efforts in this direction. If you do, you could become too materialistic and greedy.

The relationship with your mother, or with other women in your family, will be good and you can count on the support from them. You will receive a lot of approval that will help you to feel more certain about pursuing your goals.

It is also important that you don't neglect your diet because there is a tendency to eat in excess and to live a life of pleasure in general. This could cause you to gain weight or to have digestive disorders. You can rely on having a stronger will this year, and if you wanted to, you could concentrate on eliminating certain ingrained negative habits. But if you are not careful, you could also acquire new fixed habits that wouldn't be good for you.

Analyze your objectives and then select your principal goals for this year. Directed energy and persevering work will be the key to success.

Solar Return Moon in 3rd house:

Your mind will be very active and you will rely a lot on your imagination, which will sometimes prevent you from concentrating on the every-day, practical things of life. You will be drawn to intellectual and literary activities, as well as all types of every-day communication, but you will need to make an effort to achieve the necessary concentration.

You will probably take many short trips because this will be a year of much movement. You won't want to adjust to any routine.

The relationship with your relatives, especially with your brothers and sisters, will be very important. You probably will resume contact with them and work on some joint task, although this could also mean the possibility of arguments and family rivalries. Or you could receive criticism and gossip from those in your inner circle.

Moon square Mercury:

Your thinking will be less sure, precise, and positive. This could affect your ability to communicate with others and your ability to concentrate. You also will have frequent changes of mood, which may confuse the people around you. You will be more subjective and less logical.

You may want to make a change of residence or make some changes within your home. Any possible change should be considered and thought out thoroughly, avoiding impulsive or capricious decisions. There could be communication problems within the home which will lead to conflicts and difficulties. Always be clear and precise in what you want and ask for. Your popularity will be up and down as you could sometimes be the target of criticism.

In addition, you will be involved in a variety of projects which do not produce any satisfactory, appreciable results. The failure will be a consequence of the lack of continuity in your ideas and projects. Be alert and use your analytical mind in making your decisions.

Moon square Asc:

Your changes of mood will be very frequent and quick during this time, which may confuse others around you. At times you will adapt easily to the requirements of your surroundings. However, more often than not, the least little thing will distract you from the business at hand. This will hinder you at work, at home, and in your participation in any group activities. You will be more sensitive and more easily upset which will cause you to get irritated with others.

You won't be very logical or clear in the decisions you make because you will be reacting emotionally. Your judgment will be based on your mood at the moment and not carefully thought out which could cause problems later and lead you to question your own motivation. If you are planning to make an important change in your life at this time, be certain to reflect on it and to consider all sides before making a final decision.

Moon trine Saturn:

This will be a year of great emotional stability. You will be able to see things from a more realistic and objective view, which will allow you to make the right decisions. You will have more patience, perseverance, and personal security.

You will probably become more emotionally reserved, not being so willing to share your feelings with others. You will prefer moments of intimacy in personal as well as romantic relationships. You could also be very attracted to the past, your origin, and your traditions.

In regard to your home life, there will be order and respect between all members. The climate will be one of seriousness and accomplishment. You will be inclined to consult older people or those who you think have wisdom and experience in the areas of your problems or doubts. You will feel more secure being surrounded by things or situations that you are used to rather than those that are new and strange. There is the possibility of investing in some real estate.

Moon trine Pluto:

Your emotions will be very intense but, at the same time, very stimulating and rich. You will see everything and everyone around you to be more profound and powerful than usual, which will lead you to search for relationships that are not superficial, but allow you to express your more intimate emotions. During this time childhood memories or traumas will emerge from your consciousness that will let you see, with much more clarity, the motive for your current reactions. You will discover your true self which will give you more trust, clarity, and the capability to confront your life in general.

It is important that you don't repress your emotions this year, but express them freely. It also will be important that you control obsessive and stubborn behavior. Romance and your sex-life could become very enriched. If you are in a committed relationship, you should be feeling confident and on solid ground with your partner, but be careful not to become too bossy or manipulative.

You could experience some changes in your home or family life that will be very beneficial. The relationship with your mother, or other women in your life, will be very profound, intense, and more spiritual.

This will be a year of renewal and emotional freeing up. Encounters with your past and your own history will allow you to get to know yourself better, and if you don't resist these new feelings, you will have a very positive year.

Moon semisextile Venus:

Your personal magnetism will increase and you will concentrate on demonstrating your emotions in a warm, soft, and harmonious manner. During this time you will enjoy social relationships and will have possibilities for romance. If you are already involved with someone, you will enjoy a very loving relationship with your partner.

You will need to be surrounded by harmony and beauty and will seek out ways of acquiring it in your environment. You probably will redecorate your home and wish to visit beautiful places. This influence brings harmony to your home life as well as the possibility of new romance.

***** SECOND PART *****

ANALYSIS OF THE 12 ASTROLOGICAL HOUSES. INNER RESPONSES.

HOUSE 1: Personality. Principal interest of the year.

Solar Return Asc in or within 3 degrees of natal 5th house:

Love will be the principal theme this year. Your desire to achieve a stable and happy relationship will cause you to direct your attention to any problems within yourself that need to be dealt with. If you are not involved with anyone, there is a real possibility of beginning a new relationship. If you are already in a committed relationship, it will be a year of pleasure and enjoyment. In either case, your desire to enjoy life and to search for amusement will be accentuated. This could lead you into some risky situations.

Your contact with children will also be important. In the chart of a woman, this influence could indicate pregnancy.

Mercury in 1st house of Solar Return:

During this year your intellectual and literary production will be very important. You will excel in accomplishing mental tasks, due to your keenness of mind and your ability to understand things. It will be a good year for any kind of study and for activities that demand mental concentration. If you are involved in writing, you will have a very fruitful year. If you aren't a professional writer, this astrological position will help you to put your correspondence in order and improve your communication with others. Your mind will be very alert and you will make necessary changes very quickly. It's important to determine the subjects that you are really interested in exploring and not waste your time on superficial things. It will also be important for you to learn to relax your mind in order to avoid stress.

This influence also favors business activities. Any business you are involved in will prosper and you will have new ideas and projects for the future. You will want to be your own person this year, and will be inclined to be more egocentric than at other times. You probably will take some short trips and will be constantly on the go.

Neptune in 1st house of Solar Return:

Your perceptive ability and your sensitivity will increase notably during this year. You will be more imaginative and will tend to idealize the people around you. This could lead to future problems if you were too unrealistic and trusting of these people. You will be more romantic and dreamy and not entirely in contact with the real world. If you have artistic inclinations, especially in music, you will have a very favorable year.

On the negative side, this position could cause you to be confused and easily deceived. You will have a tendency to want to escape or run away from your problems instead of facing them and taking appropriate action. This will be due to fears and inner insecurities which will come to the surface. You could also be the victim of gossip, envy, or criticism, and become entangled in unpleasant chaotic situations.

Try to be as realistic and aware as possible, and use your heightened imagination in a creative way which will enrich your life.

HOUSE 2: Financial situation.

Solar Return 2nd house cusp in or within 3 degrees of natal 6th house:

You may find yourself earning your principal source of income this year while working in a more subordinate or dependent position than you are used to. If you are self-employed, your financial stability will probably depend in great measure on some other person or persons whom you work with. There could be some medical expenses to be paid out.

Venus in 2nd house of Solar Return:

During this year, your finances will improve. If your work is related to art, aesthetics or creative expression, you will have much monetary gain. Since you will have more money to spend, you will be inclined to make investments and purchases that will improve your quality of life. It would be wise to keep your spending under control because there is also a tendency to be wasteful or to indulge in unnecessary luxuries. You could spend money on jewelry, art work, very expensive clothes, and other items that beautify your life or your home. This astrological influence can cause you to become less practical and to be more extravagant than usual.

You will be very good in negotiations and transactions of any type because of your ability to manage people with diplomacy and softness. This would be a good year to apply for and receive a loan if you need one.

Solar Return Venus Conjunct natal Moon:

You will respond sensitively and sympathetically to the demonstrations of love and affection from others. You will enjoy social encounters and, if you are available, you might meet a special someone and fall in love. Your intuitive powers will increase and you will feel very protective and caring toward your loved ones.

Uranus in 2nd house of Solar Return:

Your finances won't be very stable during this year. You could experience completely unexpected and sudden financial ups and downs. This influence will produce changes in your current situation that should be managed with caution and without haste. Otherwise, there will be the danger of getting too far into debt or failing in some

business venture. You will search for more freedom and autonomy in the work place, and you will prefer to live with a degree of uncertainty rather than be in a subordinate position.

You will be attracted to novel or somewhat risky business enterprises. You will want to make changes in your routine. You will have ideas for making money through new and unusual enterprises. It is important that you maintain control over your actions and work in a prudent and careful manner.

HOUSE 3: The conscious mind. Study, communication, and short trips.

Solar Return 3rd house cusp in or within 3 degrees of natal 8th house:

This year brings a certain danger of accidents or problems while taking short trips. It is also important to use caution in the commitments you make and the contracts you sign during this year. Some of your letter-writing relationships may terminate.

HOUSE 4: The home.

Solar Return 4th house cusp in or within 3 degrees of natal 8th house:

There is a possibility of receiving goods or property through inheritance. Your security will be increased due to the collaboration of your family or your committed partner. But there also is danger of wasting goods or money that is received without much effort on your part.

HOUSE 5: Romance & amusement. Relationship with children.

Solar Return 5th house cusp in or within 3 degrees of natal 9th house:

This year could bring the possibility of long distance travel, which will be very enjoyable for you. You might meet someone during your travels and could have a very special romance with a person from another culture. However, this love relationship could very well become more platonic and idealistic rather than passionate.

In addition, your consciousness will be raised. You will be interested in understanding and developing new ideas and concepts. This influence could result in your participating in some sort of educational program in another country.

HOUSE 6: Health and illness. Employment. Service.

Solar Return 6th house cusp in or within 3 degrees of natal 10th house:

Your state of health will be the determining factor in the success or failure of your plans during this year. If you don't feel well, your progress will be very limited. You may tend to neglect your diet and your need for rest because of work schedules and your concerns for making progress in your work. It is advisable to eat in a healthy manner and to avoid stress as much as possible in order to prevent illnesses brought on by excessive work.

In your work environment, your freedom of action could be restricted or curtailed because of certain requirements put upon you by your superiors. There also could be some difficulties and delays in finishing the projects you are working on.

HOUSE 7: Associations. Marriage and partnerships.

Solar Return 7th house cusp in or within 3 degrees of natal 11th house:

Some of your friendship ties will be reaffirmed and strengthened this year. You will probably renew your association with some people who you have not had much contact with recently, or you may begin a romantic relationship that could become a long-term one. You will appreciate the help you receive from friends and associates that assists you in realizing your hopes and aspirations.

Solar Return 7th cusp Conjunct natal Uranus:

Your spouse or committed partner will arouse your more creative, rebellious, and unconventional side. You will do things that you never had the courage to do before and will feel rather free and uninhibited in the company of others. You will be looking for a less conventional relationship without so many demands placed upon you because you will resent taking orders from others or any type of routine. If you are truly not happy or satisfied with your situation, you will probably want to find a different partner, possibly more than once during the year.

HOUSE 8: Life and death issues, inheritances, and mysteries.

Solar Return 8th house cusp in or within 3 degrees of natal 12th house:

You should not neglect your health during this period, especially if you have had a serious illness in the past. There is a possibility of having a relapse, or an aggravation of a chronic condition. You may have to confront other serious problems that you have been carrying around for a long time and finally resolve them.

There also is the possibility that you will need to confront old enemies and come to terms with them.

HOUSE 9: Religion and spirituality. Long-distance travel.

Solar Return 9th house cusp in or within 3 degrees of natal 2nd house:

You could take a journey to a foreign country with the end result of beginning a business or making investments there. You will search for ways to increase your income and will investigate the possibilities available in other places. Progress in business affairs is very positive.

Solar Return 9th cusp Conjunct natal Neptune:

You will become attracted to mystical or spiritual exploration during this year. You may get very excited about some new concept or truth which will give you insight from which you gain illumination and spiritual revelation. This will be especially true if you are already a spiritual seeker. Otherwise, you might just feel confused due to inner doubts that make it difficult for you to relax and to make sound decisions. You could also have the desire to take a long ocean voyage or to travel to an area which is situated near water.

HOUSE 10: Your profession, success, and status.

Solar Return MC in or within 3 degrees of natal 2nd house:

You will have the possibility of earning much more money through your profession or work. In order to realize your goals and finish your projects, it will be important for you to handle your finances correctly. This could be a very lucrative year and will reflect your own responsible attitude toward your finances.

HOUSE 11: Friendships and social life.

Solar Return 11th house cusp in or within 3 degrees of natal 3rd house:

You will have a better relationship with siblings, other relatives, and neighbors. You will be more open and out-going and will strengthen your ties with them. Due to this changed attitude on your part, you will be able to enjoy mutual service and assistance. You will be attracted to more intellectual people and will be interested in taking short trips with your friends.

If you are involved in any kind of sports activities, there is the possibility of winning in competitive games.

Solar Return 11th cusp Conjunct natal Jupiter:

You will enjoy your friendships a lot during this year and you will be stimulated to expand your social life. You will become very generous, kind, and happy in the company of your close friends and will share very happy moments with them. Your relationships will make you feel more complete, which will allow you to develop new goals and expectations for your future. However, you could be too optimistic, exaggerating the value your new projects. Don't overlook the details that will be necessary for achieving the success you desire.

Mars in 11th house of Solar Return:

You could have confrontations or arguments with your friends because of your selfish or aggressive attitude. Be careful not to lose your patience so easily and don't try to force your ideas on others. You will feel better sharing some physical activity or sports with your friends rather than listening to and agreeing with their opinions. If you participate in some group activity, you could probably encounter situations of tension and disagreement. You could be the responsible party or you could be the receiver of the attack by other members of the group.

You will feel a current of hope and energy and will know exactly what you want to do with your life. You will act with stability and your confident attitude will convince others. As a consequence, you could become the leader of the group.

Solar Return Mars Conjunct natal Saturn:

You will be very controlled and on solid ground when confronted by aggressive or impatient people. You won't let yourself become tense and upset by their behavior. On the other hand, some people could become angry with you because of your seeming indifference or rigidity in some areas.

Jupiter in 11th house of Solar Return:

You will enjoy a lot of socializing and will make new friends during this year. You will share moments of close companionship and happiness. Your social circle will increase considerably and you will participate in some group that has the same interests that you have. You could probably meet and form friendships with people from other countries or of very different cultures than your own.

Don't depend on these new contacts too much, however, because the final results may not meet your exaggerated expectations. You could be somewhat disappointed if you don't get the answers you are looking for.

Your ideas, desires, and goals for the future will be an important part of your life this year, and you will feel the necessity to share them with others. You will be less self-centered during this year, and you will prefer to work with others rather than going it alone.

Solar Return Jupiter Conjunct natal Saturn:

It will be difficult for you to relax and enjoy yourself with others this year. Your serious attitude toward responsibility and duty could throw a wet blanket on the activity of others.
