Technical Details of how the planetary patterns are determined: Each interpretation is based on a 3-planet pattern. The 3 planets are forming a midpoint structure where a planet forms one of the following aspects to the midpoint of 2 other planets: conjunct or opposition with 2 degree orb, square with 1 1/2 degree orb, semisquare or sesquiquadrate with a 1 degree orb, or 1/16, 3/16, 5/16, or 7/16 with a 30 minute orb. Also, the 3 planets are aspected to each other in the same harmonic. The harmonics analyzed are 1 through 64 and any doubling of these numbers, such as 120 which is a double of 60, up to 180. The total number of harmonics analyzed is 108. In the harmonic chart all 3 aspects are within a 12 degree orb. Also, any midpoint structure involving a conjunction or opposition aspect within a 1 1/2 degree orb, even if a harmonic triangle is not involved, is interpreted.

Given below is a brief interpretation of your birth chart. The major themes in your life are described. The themes are presented approximately in the order in which they are a priority in your life. In other words, the themes which are most important are, in general, described near the beginning of the report, and the less important themes are described towards the end of the report.

Each astrological influence described in this report is a resource available to you. It is up to you to express these energy patterns in the best possible way. It is possible to repress, block, or try to avoid issues, or to fight yourself; hopefully this report will help clarify issues in your life, and encourage you to master your life rather than be a victim of circumstances.

Mars Conjunct Sun/Jupiter 0 deg 04 min

It is likely that you will become successful in your career and in achieving many of your goals. You have an enterprising nature, and you are confident. You set very high goals and standards so it is unlikely that you will achieve everything you set out to do, but it is also likely that you will achieve many of them. One word of caution: sometimes you take on too much or do not plan carefully enough beforehand.

Pluto Opposition Moon/Saturn 0 deg 33 min

Sometimes you feel alienated and distant from others. You seek solitude, although too much distance from others can also bring on feelings of depression and loneliness. You need to find the right balance to make your life work; this will not be easy to achieve but perseverance and confidence that the effort is worth it will repay you in the end.

Venus Conjunct Mercury/Jupiter 1 deg 15 min

You have good artistic sensitivity, and you are able to discriminate between items that are well-made and therefore of greater value and those that are not as well-made. You communicate well and are able to express your feelings openly and candidly. Very often you are encouraging and supportive of others.

Moon Opposition Jupiter/Uranus 1 deg 29 min

You have a wonderful sense of humor and a spontaneity and enthusiasm that others enjoy and appreciate. You can succeed in any area where these traits are rewarded, such as music, dance, any form of entertainment, or as a group leader or director.

Jupiter Opposition Moon/Pluto 1 deg 18 min

You are very creative and you have ability to express deep feelings through art, literature, and theatre. You enjoy music that is driving or in some way brings out deep and strong feelings. You are a big believer in expressing one's feelings and you help others feel more comfortable sharing their deepest secrets.

Pluto Opposition Mercury/Venus 1 deg 00 min

You enjoy art, music, and literature that is deep and moving. You have a lot of creative talent that can be expressed through many different media. You have the ability to make things that are both functional and beautiful.

Venus Conjunct Sun/Saturn 1 deg 35 min

You are serious and loyal in love relationships. You are not inclined to date a lot of different people; you seek a meaningful and deep relationship. You dislike ostentatiousness, pretentiousness, and glamour.

Saturn Conjunct Mercury/Neptune 1 deg 34 min

You enjoy abstract thinking. Abstract principles are common in academic studies, whether it be the concept of a point or a line in mathematics, the Chinese philosophy of 5 elements, various psychological theories of theorists such as Freud, Jung, etc., or any number of other ideas. You are well-suited to academic studies.

Saturn Conjunct Mars/Jupiter 1 deg 46 min

You are a very good worker. You are enterprising and able to visualize larger goals, and you are also willing to work hard to achieve these goals. You are a good administrator or director of a group effort. Over time you can build a very successful career.

Sun-Mars-Saturn 92nd Harmonic (92=23x4)

You are a dedicated and responsible worker. If an area interests you, then you will put in long hours and do whatever it takes to achieve the goal. Any great achievement requires the hard work and sacrifice of people; you are one of those people that makes this achievement possible, even though you may not receive the credit you deserve.

Moon-Venus-Uranus 56th Harmonic (56=7x8)

You enjoy lively music and dance. You have a good sense of rhythm and probably you have an infectious laugh. You enjoy jokes and tricks. It is likely that you will fall in, and out of, love several times before "settling down" with one person, so it may be best if you do not marry too early in life. Although you are romantic, you do not like to feel smothered or too restricted by your partner.

Moon-Mars-Uranus 28th Harmonic (28=7x4)

Your emotions build up very suddenly. When frustrated, you become quickly angered, and it is important for you not to develop a habit of losing your temper. You can become very impatient with others and provoke them without realizing it; do not hesitate to apologize later if you are too sharp with someone. Challenging physical activities, athletics, and competitions suit you well.

Venus-Mars-Saturn 56th Harmonic (56=7x8)

You are a very monogamous person; you seek someone special that you can devote yourself to. You are responsible and loyal in relationships. You value the little things in life, appreciate even small help from others, and you dislike glamour and showiness.

Venus-Mars-Uranus 56th Harmonic (56=7x8)

You have very strong romantic and sexual feelings. You are likely to fall in, and out of, love at least a few times before settling down so it is probably not a good idea for you to marry early in life. You love music and probably dance also. It is important that sexuality does not overpower the importance of love, kindness, or mutual understanding in your romantic relationships because otherwise you can be unfulfilled in the long run.

Venus-Jupiter-Uranus 112th Harmonic (112=7x16)

You have a good sense of rhythm, and you have talent in music and/or dance. You also have a good sense of humor, and when you are in a good mood, you put everyone in a good mood. Very often you are the life of the party.

Venus-Saturn-Pluto 140th Harmonic (140=5x7x4)

You are likely to feel that loved ones, such as parents, romantic partners, or good friends, for example, have carelessly overlooked what is important to you or have not responded fully to your needs. Partly this is because you seek great depth of feeling and honesty in a relationship. Also, you sometimes feel alienated or distant and prefer to be alone.

Mars-Saturn-Uranus 56th Harmonic (56=7x8)

You work intensely and sporadically. It is difficult for you to stay on a fixed schedule with a prescribed task. You prefer to work very hard at your own pace. Others usually get in your way. You become easily frustrated by the demands of others.
