*** Introduction ***

This Astrological Child Report has been designed as a guide for Janny's parents, with a special commitment: to help with Janny's growth and cultural upbringing, to emphasize and strengthen her assets, and to alert the parents to mistakes or possible problems that Janny could face in her life.

Chapter 1 describes Janny the way she really is (position of the Sun), and the way her personality is expressed (Ascendant sign). Chapters 2 and 3 describe the influences linked to her mother and father respectively, which DOES NOT mean a description of their personalities, but the way Janny sees them, experiences them, and which characteristics she takes from each one. In the astrological chart of a brother or sister, the description of parents could be different due to the individual's perspective. Chapter 4 completes the sequence of the description of Janny's temperament, focusing her mind, her attitude toward education, and her intellectual capacity.

Chapter 5 describes Janny's destiny, her vocation, her profession, and the probability of success in the material world. In order to get an appropriate view of Janny's vocational possibilities, it will be necessary to combine what is in this chapter plus what is in Chapter 1 and any other relevant information in the report.

Chapter 6 analyzes the conditions of Janny's health; some tendencies or possibilities to physical diseases are mentioned, which DOES NOT mean that Janny is going to suffer from them, one by one. It does mean that those are her weak points and she is inclined to those possibilities. As a complement, some recommendations for Janny to have better nutrition are mentioned. PLEASE CONSULT A PHYSICIAN REGARDING ANY PHYSICAL PROBLEMS THAT YOUR CHILD MAY HAVE!!! FOLLOW YOUR PHYSICIAN'S ADVICE AND ANY MEDICATION OR THERAPY THAT HE/SHE RECOMMENDS!!! ASTROLOGY SHOULD NEVER BE USED AS A SUBSTITUTE FOR PROFESSIONAL MEDICAL ATTENTION!!!

Finally, Chapter 7 describes the astrological influence of the outer planets which affect all the children who were born in the same period of years, producing common ideas and behaviors and subsequent generational characteristics.

It is probable that you may find some contradictions in the report; this is because some planets may be beneficial in a certain area of life while other planets may be less helpful or even harmful. This means that Janny may have both positive and negative experiences in the same area. You need to draw on your intuition and common sense to come to your own conclusions. But remember that every child, no matter the sign he/she was born in, needs LOVE in order to grow up in the right way.

*** Chapter 1 ***

General description of the child: essential nature and personality. Physical body and childhood.

Sun in Taurus:

The Taurus child is very sweet and loving. While a baby, she loves to be caressed and embraced. She is the child who always wants to be with her parents and is very affectionate with everybody in the family. The child of this sign, boy or girl, will be healthy and strong. She pays much attention to food; she can eat almost everything and in large quantities. Her parents should start early to teach her good eating habits as she has a fixed nature and whatever she learns or gets used to, will be very difficult for her to change. She loves candies and chocolates and she tends to be overweight.

She is usually quiet and pleasant. She is emotionally stable, seldom gets depressed, and rarely displays aggressiveness or impulsiveness. She behaves properly even among strangers, but if she is the center of attention, she freezes up. She is one of the most stubborn persons in the zodiac. It is very difficult to make her change her mind; to threaten her with any kind of punishment makes her even more stubborn. The Taurus child can become very shy or rigid as an adult if she is pushed constantly by her parents to do things she does not want to do. The best way to treat her is with love. A kiss, an embrace and a lovely smile can work best to make her less obstinate. Colors and sounds also affect her emotions. Vivid colors like red, orange, etc. disturb her, while soft colors like light rose and blue, make her feel better. The effect is similar with sounds. Janny is very sensitive even as a baby. She will do things only if they are reasonable to her. She needs to know only the truth, without a lot of complex explanations. Parents must talk to her calmly and logically.

She has an instinctive affinity for music and the arts. It is a great idea to teach her to sing or play an instrument. She may love drawing, painting, or creating things in clay. She is very creative, and may be the best worker in her class at school. She is very obedient but her mind is usually slow. She needs time to do things. She has good memory and she does not forget what she has seen or was taught. She does not lose her toys, or personal belongings. She is a bit fearful; she does not like darkness, or ghost stories. She has a romantic imagination. If she grows up in a peaceful home, with love and without pressure on her, she will be strong, confident and very affectionate with her parents and family.

Leo Rising Sign:

Janny will make everybody listen to her. Her voice will be strong and its power will be expressed through her whole body. A vital energy will be evident in her physical body all through her life, therefore she does not have to be afraid of any kind of illness. Her disposition will generally be positive and outgoing. Janny needs lots of attention, and she will try hard not to go unnoticed. Her charming smile and her affectionate openness will be her seductive weapons to win over her unprepared parents. She was born to command and she will show it very early. As she grows, she will establish her "kingdom" by conquering the hearts of the rest of the family. Janny's pride is so great that even when hurt, she will not show the pain. Her heart is very noble, she loves good causes and she will fight firmly against injustice. If her Sun (as shown above) is located in Cancer or Pisces, a Leo ascendant will help give her more strength in her convictions, her vitality and her courage. She will be very stubborn, especially when angry. Janny will have artistic abilities, and you will probably see her acting (on and off the stage!). Her manner will always be dramatic and exaggerated, so most of the time you do not have to worry when she says

she is suffering on account of something. She will also have a great sense of humor and will fill the house with joy.

Janny's childhood is ruled by the Sun, center of our solar system, and she will feel that her home is the most important thing in life. She will be very proud of her family, and if one of her parents is socially well-known, this will increase her pride. Janny needs to admire her parents, but her parents must not create an unreal image of themselves. Sooner or later she will discover that it is only an image and this will only destroy her own confidence. The Sun can either give her a luxurious life, or the idea that it is important to belong to a higher class, but either way, she will focus her goals on material success. Janny will prefer expensive objects and name brands. Her parents will have to encourage her innate spiritual values, like sincerity, fidelity, etc. though humility will be against her nature. She will not be very happy helping with chores at home; she will feel she was not born for that. She can also experience periods of laziness when she will demand too much attention. If one of her parents is a bit weak, and submits to Janny's caprices, she will lose respect for the parent. It is very important to be firm with her, but it is even more important to be fair; for example, the rules in the home should apply to everyone in the same way. If Janny gets the support and love she needs to strengthen her inner values, she will be a winner in her life.

***** Chapter 2 *****

**Maternal figure: emotions, feelings, capacity to love
and share.**

Moon in Sagittarius:

This child will be outgoing and will always have a youthful and spontaneous attitude towards life. She will be very optimistic and positive when dealing with feelings and situations. Her great curiosity will make her want to discover everything in her world, and she will often escape from her parents' eyes. Janny will be very idealistic and will have a philosophical and questioning attitude about everything. Her heart will be noble and the expression of her feelings will be sincere.

Janny will surely have a restless and independent mother, with a unique way of thinking and a great love of freedom. She will feel her mother is a friend, and they will share many adventures. Some discord is likely between them, but sympathy and joy will smooth out the rough areas. Janny will learn not to dwell on sadness, to see the positive side of every situation, and to direct her energies towards her goals. This child may tend to follow others easily, so parents must get to know her friends, because they have the potential to be strong influences. Janny will be very trusting, and her mind will be full of fantasies, even as a grownup. Her restless heart will make her a frequent traveler to uncommon and faraway places; she will also conquer every unprepared heart.

Moon in 5th house:

She will be romantic and charming, which is why she will have an adventurous love life, always looking for the "right" match. Janny will have great charisma and a poetic imagination. She will have great creative ability, which will be evident in all her activities. As a mother, she will be very tender and will teach her children to be kind and to show their feelings, although she can be a bit possessive.

Moon Conjunction Saturn:

Janny can be very shy, reserved, and insecure about her feelings. She will need to receive a lot of love, especially from her mother, and she may experience difficulty expressing herself. Janny will be very disciplined and obedient. She will have a mature and responsible attitude even when she is very young.

Moon Opposition Mars:

Janny will get angry very easily and will express herself very forcefully. She may argue everyday with family members with whom she has differences. If there is no harmony at home, her mood will be affected. Many times Janny will react quickly and impulsively, without thinking. She can be very temperamental, and she must learn how to control this tendency and improve herself.

Moon Trine Uranus:

Janny will be spontaneous, free, and creative. She will not feel comfortable with emotional bonds. She will also dislike any restrictions on the expression of her personality. Janny will be intelligent and will always be interested in new ideas. She will be attracted to original things, as well as the occult sciences and research. She will probably travel and also change her residence many times.

Venus in Aries:

Janny will be passionate and will express her feelings openly. She will probably show her feelings in an abrupt and selfish way; also she will be possessive and capricious, which can cause some problems in her love life. Janny will enjoy love intensely and will act on her impulses. Janny's style will be to conquer and seduce those she admires, and it is probable that she will have many romantic adventures. She will be the person who initiates the friendship or the romance. This astrological position inclines her to be impatient and explosive, often without paying attention to the love she feels. It is very important for her to develop a better awareness of others' feelings.

Venus in 9th house:

Janny will have an intense desire for knowledge and will look for activities which could expand her emotional world. She will be philosophical, religious, and will love to travel. Janny will probably fall in love abroad or may marry a person from another country. She will have strong intuition and will be a cultured person. Janny will love to study and expand her general skills, and as a result of this, Janny will have an urbane, cultivated manner.

Venus Opposition Jupiter:

Janny can have over-protective parents. She will tend to exaggerate everything and also will be undisciplined in financial affairs. Her exaggerated optimism will sometimes cause her to be unrealistic. Parents should not be so complacent and should show her that she has to work to get what she wants.

Jupiter in Libra:

Starting at an early age, Janny will recognize the beauty in everything. She will be elegant and delicate; her sympathy will attract everybody, and she can be very popular and beloved. Janny will develop a deep sense of justice and will always defend the rights of others, often voluntarily. While seeking her inner balance, Janny can be somewhat excessive and also indecisive when she has to make choices. This astrological position will bring happiness in marriage.

Jupiter in 3rd house:

Janny's success will come through education and communication. She will be very smart and her positive disposition will bring her luck in whatever she starts. Janny will have a good relationship with her relatives, especially with her brothers and sisters. Due to her restless mind Janny will need to live life at her own pace in her own way. Janny can sometimes be very talkative and waste her energy through this activity. It is important to show her how to be more careful about her projects, because she can also be imprudent and inclined to exaggerate.

Jupiter Square Pluto:

Janny can be a dogmatic, fanatic, and arrogant person. She will be impatient and have problems with authority figures. Her strong will can make her successful in whatever she chooses, but at the same time, Janny can have enemies due to her toughness and aggressiveness. Parents must respect her powerful will and must show her how to use it with a gentle touch.

Neptune in 8th house:

Janny will be very perceptive, intuitive, and will develop psychic powers quite easily. It is probable that she could have some precognitive dreams. Her great charisma will make her very

influential with people; her image will be remembered and she could receive help from others. Also, it is probable that Janny could suffer some problems with inheritances or legacies. She should avoid handling other peoples' things, because her open and impressionable nature may cause her to experience confusing or chaotic mental states.

***** Chapter 3 *****

Paternal figure: authority, power, capacity to assume responsibilities and to defend oneself in life.

Sun in 10th house:

Janny will be very ambitious; she will aspire to a high position in life and she will control her own destiny. Janny was born not to follow others, but to direct her own steps, and will show difficulty and rebelliousness in following any kind of authority. The relationship with her father is very important for her, and in a way, will determine her future ambitions. Her father will be well known in social life, but this does not mean that Janny will follow in her father's footsteps. From him Janny will learn to fight for her own goals, to act with decision and self-confidence, and to be loyal to her own principles. This astrological position will bring material success, social recognition, and a higher status in Janny's life. Her great energy and pride will make her an invincible person.

Sun Trine Pluto:

Janny will have very intense and dedicated inner motivations, which could put her in a leadership position. She will be passionate about the things she likes, and possibly a fanatic about her ideas. Janny will not be satisfied with the status quo and will work hard to transform things into her ideal. She will have great concentration, will power, and a good capacity to throw off any illness or weakness. Janny will be very interested in occult sciences and the mysteries of life, and will develop excellent perceptive abilities.

Saturn in Sagittarius:

Believing only in principles which have been proven over time, Janny will be very conservative in many areas of life. She will be very involved with religion, philosophy, and higher education. Janny will be independent and sharp; she will persistently seek justice and truth. She will be intellectually disciplined and will have great powers of concentration, which, along with her devotion to her work, will enable her to get whatever she wants. Janny will consider her own reputation and social situation very important. She can excel in teaching, politics, or public speaking. Her great sense of justice can be easily offended, and Janny will show great resentment.

Saturn in 5th house:

Janny will tend to be aloof, not very demonstrative, and an inhibited child. To overcome these limitations, it is very important that the relationship between father and daughter be a loving one. Janny can feel more comfortable with older people than with other children; usually her behavior will be comparable with that of an adult. Though Janny will be shy, she will be deep and loyal to her feelings. Her creativity can be directed into the sciences and invention. As an adult, she will choose a serious and responsible mate. She will probably have few children, as she will consider this a matter of deep responsibility. She must learn to enjoy things freely and to express her emotions with the same intensity she feels inside.

Saturn Trine Uranus:

Janny will have great will power, much initiative and never-ending determination. She will be able to combine her practical abilities with her intuition and will need to work independently. Janny will be very sensible; she will have management ability and will be persistent in achieving her objectives. She will possess an inner balance between the old and the new, between authority and her own freedom. Janny will fulfill her duties responsibly but she will always try to

emphasize her independence. She will direct her creative energy effectively and will be a tenacious hard worker.

Mars in Gemini:

Janny will have a very fast and sharp mind; she will be very good in discussions and debates. Her reasoning can be hasty and aggressive which makes prone to make unwise decisions. Her mind will always be working, and probably she will delight in doing at least two things at the same time. Her great intellectual capacity will allow her to study and learn things very easily, though she may not have the patience to concentrate on the same subject for a long time. Janny can start many things and finish only some of them. If Janny can overcome this last basic tendency, she will be successful in those intellectual activities which require sharpness and talent. Janny will be very curious and restless; her adventurous spirit will lead her to new places and people all the time. She will be outgoing and always open to new relationships; as a consequence, she will have some deep friendships and others that are very superficial. She may also follow this pattern in her love life and she may need more than one lover to feel complete!

Mars in 10th house

Janny will be very persistent, vigorous, active, and dominant, whatever her profession. She will show executive qualities and will finish quickly every project she starts. Janny can be a good leader and administrator, and will work hard to attain management positions with authority. She will probably have some disagreements with her father, challenging him and his authority and trying to be independent as soon as possible. She will be very ambitious and may find some obstructions on her professional path. These adversities will make her stronger instead of weaker. Janny will consider the goals she achieves with her own effort and tenacity very important. Among the different possibilities of her future profession are the military, engineering mechanics, or any sport.

Mars Square Neptune:

Janny will have a big imagination and many fantasies, but she will lack the ability to make them real. Janny will probably be afraid of her anger and be uncertain about her own authority. Janny must be careful about her diet, as she is inclined to have allergies to certain foods and drugs. In an attempt to hide her own fears and weaknesses, Janny could cling to her convictions with fanaticism. To make her dreams come true, Janny must strengthen her self-esteem and initiative.

Mars Trine Jupiter:

Janny will be an enthusiastic and optimistic person with excellent leadership ability. Janny will be well-known for her loyalty, pride, confidence, and her liberal spirit. She will always be protective of her friends and family, and will have a sound sense of justice. She will be fond of sports, as well as politics and trips. She will probably be in a very good financial situation all her life and will live very comfortably. Janny will be a real idealist as she will be totally sure of her own beliefs.

Uranus in 9th house:

Janny will travel frequently during her life and will visit exotic, uncommon, and faraway places. While traveling, she will have experiences which will enrich her inner life, her own philosophy, and her attitude about religion. Janny will be very creative, independent, and adventurous. Her religious beliefs will be unorthodox and it will be very difficult for her to follow tradition. She will be very interested in social reforms and will probably become involved in

politics, though this could change as time goes by. Janny should avoid involvement in legal problems, as these could have unpredictable results.

Pluto in 5th house:

Janny will like to run risks, emotionally or financially. Her emotions will be deep and very complex; she will not be an easy person to please. Her sex life will also be active; it will be very important for her not to be raised surrounded by taboos and prohibitions. She will tend to be very possessive of the people she loves and it is probable that she may be involved in some unsavory situations, perhaps due to her jealousy. Janny will like gambling, even as an adult, but she should exercise moderation or her financial stability could be compromised.

***** Chapter 4 *****

Mentality: intelligence, studies and capacity for communication.

Mercury in Aries:

Janny's mind will be quick and sharp. She will be an independent thinker and will love talking about her favorite subjects. Her dynamic and active mind will not allow her to concentrate on one thing for very long. Janny will always be ready for physical action, and she will often act and say things without thinking first. She will like challenges and also will defend her position aggressively. Janny will make up her mind quite quickly, but that does not mean she is going to be right. Janny will express herself clearly and easily, and will also have the ability to improvise. Though her mind will be sharp and inventive, this astrological position does not help in the pursuit of education, due to the great need for physical action that Janny will experience. That is why Janny must learn to combine some hours of study with physical activity. Her mental attitude will make her domineering and always trying to prevail, as well as willing to take risks in business. Janny will try to protect the people she loves, too. The way she expresses herself can be rude and unrefined; she can lose her patience quite easily and become angry; however, she will calm down very quickly and will not be rancorous.

Mercury in 9th house:

Education will be a very important aspect of Janny's life. She will be interested in law, medicine, philosophy, religion, and everything related to old and exotic cultures. She will probably travel frequently and will also learn several languages. Janny could excel as a teacher, historian, or anthropologist. Also, she will be very intuitive and a visionary, though sometimes she could be a bit dogmatic. In spite of her strong convictions, Janny will encounter situations which cause her to question beliefs and will transform her way of thinking.

Mercury Conjunction Uranus:

Janny's mind will be very creative, original, restless, and rebellious. Generally, her ideas will not be easy to understand and they can also seem eccentric, but usually they are the sort of ideas which are ahead of their time. She could show interest in astrology, psychology, sciences in general, and electronics. Janny will not be very patient; she will move fast and may start many projects at the same time, running the risk of abandoning them in the middle of the process. Janny must learn to calm down and to moderate her energies; otherwise, she could suffer from nervous exhaustion. Parents must give her a dynamic and progressive education, which will stimulate her great creativity and intelligence and also allow her to be involved in several activities at once so she will not get bored.

Mercury Trine Saturn:

Janny will have a practical, logical, easily focused and realistic mind. She will be very self-disciplined and will channel her mental energies with accuracy. Janny will also be very careful with her opinions. Her mind, grounded in reality, will have some trouble trying to concentrate on abstract and artistic subjects. She will always prefer to use logic, coherence, and intelligence.

Libra on 3rd house cusp:

Janny will have a strong sense of justice. Her mind will always analyze both sides of every situation, seeking a balanced conclusion. She will express herself in a soft and warm way, winning others' affection quite easily. Her charm and persuasive power will make her suitable for success in business, public relations, and politics. It is also probable that Janny will have artistic

talent, expressed with refinement and delicacy, in which she could excel. It will be very important for her to develop that talent, though in the future it may not be her profession, but the outlet through which she will express her ideas and emotions.

***** Chapter 5 *****

Destiny: vocation, profession, probability of success and social recognition.

Taurus MC

Janny's destiny will bring her stability, good financial circumstances, and success with people due to her amiability, sympathy, and also her authority. Janny could be interested in an artistic career or any other field which would serve as an outlet for her creativity. She will never be totally bohemian; her illusions will be based on reality and this will enable her to make them real. She will have many ambitions, generally quite practical, and most likely she will get what she wants because she will not ask too much; she will not put herself in a risky situation. Janny will seek stability and security in her profession. Financial affairs could be another probable career area. She will be a good administrator and her goals, though sometimes artistic, will always have a stable economic basis. Her progress will be slow and gradual, but once she has reached her social position, she will not lose it.

Her career choice could be one of these professions: actor, singer, decorator, administrator, craftsperson, cook, artistic producer, investor, botanist, agronomist, gardener, sculptor, etc.

Janny will be raised in a solid home with very hard working parents who have a good financial position due to their effort. They will have a well organized and stable life. Each person in this family will have fixed ideas, which make them persevere with their own ambitions. Taurus individuals will influence on her destiny.

***** Chapter 6 *****

Health: probable physical problems and recommendations for diet and nutrition.

Sun in Taurus:

Taurus rules the throat, the neck, the tonsils, the vocal cords. Janny will be inclined to have problems with these parts of the body. Children of Taurus are very fearful of illness, so parents should not show their worry in front of her. Her fixed mind will keep thoughts for a long time, and if they are negative, they could alter her health. She will enjoy eating too much; at an early age it is very important for her to learn what and how to eat. Her methodic, stubborn attitude will not allow her as an adult to change very easily what she learned as a child.

In order to be healthy, Janny will have to consider the following advice: she will have to have a balanced diet, avoiding sweet things and sugar; she will have to watch her weight, since an extra pound will be very difficult for her to lose; she will have to exercise (at a gym or perhaps in a dance class) and avoid the tendency to be lazy; she will have to eat fresh, raw vegetables; she will have to avoid too much seasoning on food, as well as drinking too much during meals; she will have to practice breathing exercises (the practice of Yoga could be appropriate); she will have to try to live and work in harmonious and quiet places; she will have to walk everyday as often as possible; and in the future Janny will have to learn to moderate her tendency to over-indulge in life's pleasures.

Saturn in Sagittarius:

This astrological position could bring chronic problems with sciatica, dislocation of the pelvis, lumbago, rheumatism, problems with the hips, or insufficient breathing which will require some exercises to help the oxygenation of the whole organism.

Capricorn on 6th house cusp:

The short term problems related to Janny's health could originate from the lack of Vitamins C and K, proteins, calcium, and folic acid. The common diseases will be located in her bone structure and joints (especially her knees), the skin and the hair.

In order to prevent these problems, Janny should include in her diet: soy and its products, alfalfa and soy sprouts, spinach, celery, carrots, potato, watercress, tomato, cauliflower, all the non-refined grains and seeds, wheat germ, orange, lemon, grapefruit, strawberry, banana, grapes, pineapple, coconut, apple, non-fat milk, soy or goat milk, fresh cheese, plain yogurt, egg yolk, fish and poultry.

The long term problems related to Janny's health could originate from the lack of Vitamin B-2, potassium, and fluorine. Her common diseases will be digestive in nature. Janny will have to avoid elements which irritate the digestive system; also she should eat calmly and in harmony, chewing every piece very well before swallowing it. She will also have to avoid liquids while eating.

She should follow the diet mentioned above, plus: lettuce, cabbage, peach, blackberry, mango, peanut, tangerine, and large amounts of pure natural water during the day. She will have to avoid coffee, spicy seasonings, and other irritants.

***** Chapter 7 *****
**Generational influence: ideas and feelings common to
your child's age group.**

Uranus in Aries:

Janny was born into a generation of pioneers - independent people who believe in themselves, pursue their goals willfully, and rebel against the demands of others. Janny will belong to a restless group of people who will break many traditions and old customs. The creation and introduction of new ideas will be another of their important contributions. Most likely, she will exhibit great mental energy, which, used in a constructive way, could result in great inventive productivity; otherwise, it could increase her rebelliousness, uncontrollable behavior, and fanaticism and will cause her to waste her talent.

Neptune in Pisces:

Janny's generation will be very imaginative, sensitive, and intuitive. They will have a great talent for music and arts through which they will express their ideas and feelings. During this period of time many advances will be made in the areas of metaphysics and parapsychology. Mysticism will be legitimized and spiritual qualities like compassion and self-sacrifice will be valued more highly. As a part of this generation, Janny will develop strong religious convictions. Her high level of sensitivity, inspiration, and devotion will make her emotional life very rewarding. Her idealism will lead her to transcend the material world in search of spiritual evolution.

Pluto in Capricorn:

Janny's generation will have a practical and realistic vision of life. They will work very hard to improve life within society in every aspect; many of them will be real political leaders or economic reformers. They will be eager to assume their responsibilities and they will be always ready for action, though they may neglect their emotional needs as a consequence. As a part of this group, Janny will show great perseverance, ambition, and capacity to organize and manage in an efficient manner. She will be very conservative and materialistic. She should learn how to express her emotions more openly.
