## INTRODUCTION: A FORECAST REPORT FOR YOUNG ADULTS

AstroJourney II is written for adolescents and young adults. The report focuses upon, but is not limited to, 14 to 29 years of age. There are a lot of transit reports out there. Why write one for youth?

Survival is tougher today. Astrology is like a road map. Your road map. Your destiny. Today, more than ever before, we live in a world of choices. Your fate isn't set in stone. From the looks of things, we don't have too much to say about who our parents are, where we're born, how many siblings we get, whether our parents are rich or poor, loving or mean, rigid or liberal. Spiritual astrology teaches that you got the best deal you could get in terms of your karma. Your karma is the picture of your past, your debts and credits from many lifetimes, for better or for worse. Whether you believe in karma or not, you still have to work with what you've got!

## HOW TO USE ASTROJOURNEY II

At the exact moment of your birth, the planets were in certain signs, in a certain relationship to one another. To erect your natal chart, the astrologer takes a picture of that moment, as if the heavens froze! The story of your life is written in the working out of these energies over time. Some are harmonious and others are challenging. Astrologers are able to predict what will happen, when it will happen, and the duration of the effect by evaluating the impact of transits. Transits compare the positions of a planet on a given date with a planet or position in your natal chart.

Using AstroJourney II is easy! In your report you'll read the date on which a transit is exact on the left hand side. This is when its influence is strongest. In parentheses you'll see the full duration of the influence, when it comes into play and when it leaves. On the right hand side, you'll see the description of the transit which includes a transiting planet in aspect to a natal planet. For example : Merc Sxtil Ven means transiting Mercury is sextile natal Venus.

The following paragraph is the interpretation of the influence.

Given below are the positions of the planets at birth and other technical information for the benefit of astrologers and students of astrology.

7 Jul 2021 9:00

♃ ♁ ♀

Expect your buttons to be pushed and you won't over-react. Someone could challenge you, resulting in a fight, an argument or, at the least, a very intense discussion. The Buddha said we should love our enemies because they put us to the test. Others may expose vulnerable parts of your psyche you'd rather not see. Shed a snake skin -- the part of your old self that no longer fits -- and move on!

7 Jul 2021 11:00

♃ ♁ ♃

This fleeting lunar energy might put you in the mood to read a romantic book or take in a movie. Ideas and thoughts really flow. You could be very eloquent or forceful in your speech. People get your meaning and are impressed. Work it!

7 Jul 2021 11:00

♃ ♃ ☉

This is a time when you can expect a little boost, some sort of extra support or recognition from those around you. If other more lasting transits are weighing you down, you could feel emotionally drained. Use this time to go within and establish inner peace.

10 Jul 2021 6:00

♃ ♃ ♂

Let action and feeling connect harmoniously, and sense the power to conquer the world. Your emotional fuse, however, could be short. Hidden anger explodes. Stay away from booze and drugs that open up your Pandora's Box when you're least ready to handle it. Getting enough sleep helps maintain a sense of peace.

10 Jul 2021 10:00

♃ ♃ ♃

A positive boost! Perhaps you get the picture on how to get some important plan off the ground. This is a time when you could make some wrong choices if you allow sentiments to obscure reason, particularly in regard to your living situation or your family. Don't let your generosity get out of hand. A younger person could see you as the lamp of wisdom.

11 Jul 2021 20:00

♃ ♃ ♃

Inspired, or confused? Really, it can go either way. This Neptunian-Lunar combo stimulates your psychic sense. You're unusually sensitive, but your understanding of what you feel may be way off. Use this short span to muse and meditate, write a poem or share thoughts with a friend. Avoid alcohol and drugs as they tend to magnify the negative and potentially depressive feelings from the subconscious, making life seem a lot more dreary than it really is.

11 Jul 2021 23:00

☽ ♃ ♀

You're feeling emotionally connected with the Universe. Share the good vibes. Buy a little something that adds a touch of beauty to your home. Some people under this influence feel like hanging out on a hammock on a sultry afternoon and can't budge to even answer the phone. If you're too loose, you could later regret over indulging your appetites!

Mood changes are so sudden, even you wonder what's going on. Your mother or even some friends could be extremely weird and out of it. Determine ahead of time that somebody here has to have it together and that somebody is you!

Think positively or you could easily be bummed out. Why waste the day feeling glum? If you smile, the whole world smiles with you, so look on the bright side.

21 Jul 2021 18:00

♾ \* ♾

A great time to reflect upon your situation, to sense just how you feel about yourself. Your emotions in particular, or the feelings of those around you, may be easy to understand. A nice time.

You may find yourself in conflict with the people around you. It may be difficult to get the support or money you need. Someone could challenge you. Over-reacting won't solve it. The only way out is to stay centered in the heart.

♾ ♀ ♂

If you can keep your cool through this one, you know you've got tremendous emotional control. In the best case scenario, a friendly debate or battle of the wits awaits you. But be prepared for others to push your buttons. Determine ahead of time to depersonalize and keep your cool. You could be especially over reactive to your mother, or to some woman who reminds you of her. If you can't control your anger, anger controls you. Booze blows off any lids you could otherwise keep a grip on.

23 Jul 2021 12:00

♾ ♀ ♃

Different strokes for different folks. Not everyone sees eye to eye. So what! Don't lose it over conflicting perceptions of the way things should be. Someone could challenge your authority or the direction you've chosen. Events could conspire to make it difficult for you to act.

24 Jul 2021 18:00

Hopefully, you have the space to dream a few hours away, check out a romantic or epic struggle type of movie, write poetry, compose a tune. If you're the imaginative type, you could mesmerize others with your words and demeanor. Your heart goes out to those with troubles, and you understand their plight. Be careful you don't get used or abused by being the nice guy when you should know better.

The raw sides of your emotions are exposed now. Other people, or the general circumstances in which you find yourself at present, may get under your skin. You could find yourself getting overemotional and flying off the handle. It's Herculean, but take a breath, a jog, whatever -- let go of it!

Are you in a dreamy mood? Don't let depressive thoughts bum you out. It's best to keep away from drugs and booze, heavy tunes, and worrisome projections; substance abuse frees up the boogie man from the subconscious. Expect your buttons to be pushed and you won't over-react. Someone could challenge you, resulting in a fight, an argument or, at the least, a very intense discussion.
