*** Introduction ***

This Astrological Child Report has been designed as a guide for Billy's parents, with a special commitment: to help with Billy's growth and cultural upbringing, to emphasize and strengthen his assets, and to alert the parents to mistakes or possible problems that Billy could face in his life.

Chapter 1 describes Billy the way he really is (position of the Sun), and the way his personality is expressed (Ascendant sign). Chapters 2 and 3 describe the influences linked to his mother and father respectively, which DOES NOT mean a description of their personalities, but the way Billy sees them, experiences them, and which characteristics he takes from each one. In the astrological chart of a brother or sister, the description of parents could be different due to the individual's perspective. Chapter 4 completes the sequence of the description of Billy's temperament, focusing his mind, his attitude toward education, and his intellectual capacity.

Chapter 5 describes Billy's destiny, his vocation, his profession, and the probability of success in the material world. In order to get an appropriate view of Billy's vocational possibilities, it will be necessary to combine what is in this chapter plus what is in Chapter 1 and any other relevant information in the report.

Chapter 6 analyzes the conditions of Billy's health; some tendencies or possibilities to physical diseases are mentioned, which DOES NOT mean that Billy is going to suffer from them, one by one. It does mean that those are his weak points and he is inclined to those possibilities. As a complement, some recommendations for Billy to have better nutrition are mentioned. **PLEASE CONSULT A PHYSICIAN REGARDING ANY PHYSICAL PROBLEMS THAT YOUR CHILD MAY HAVE!!! FOLLOW YOUR PHYSICIAN'S ADVICE AND ANY MEDICATION OR THERAPY THAT HE/SHE RECOMMENDS!!! ASTROLOGY SHOULD NEVER BE USED AS A SUBSTITUTE FOR PROFESSIONAL MEDICAL ATTENTION!!!**

Finally, Chapter 7 describes the astrological influence of the outer planets which affect all the children who were born in the same period of years, producing common ideas and behaviors and subsequent generational characteristics.

It is probable that you may find some contradictions in the report; this is because some planets may be beneficial in a certain area of life while other planets may be less helpful or even harmful. This means that Billy may have both positive and negative experiences in the same area. You need to draw on your intuition and common sense to come to your own conclusions. But remember that every child, no matter the sign he/she was born in, needs LOVE in order to grow up in the right way.

*** Chapter 1 ***

General description of the child: essential nature and personality. Physical body and childhood.

Sun in Libra:

The child of Libra is sweet, soft and charming. His features are delicate and he conquers everybody with his beautiful smile. He is sociable and he enjoys being with people. At a young age he starts seeking inner balance through harmony. Aggressiveness makes him very uncomfortable; he cannot stand arguments or quarrels; he will be always looking for peaceful places, warm colors, soft music. This is something to keep in mind when dealing with his own aggressiveness. He may lose control in an intense or harsh environment, so if his bedroom is decorated in a delicate and harmonic way, it will help his temper. One of the worst problems he faces is making up his mind. His inner balance swings back and forth from one side of the issue to another, causing doubt. He hates to make decisions in a hurry because the pressure makes him even more confused. Parents should not shout at him, order him, or berate him. Otherwise, as an adult, he may show neurotic behavior when making decisions. The point is to talk to him softly and patiently; he is obstinate only when confused. Caution is his best characteristic. He does not like to get involved in trouble or to be wrong. In discussions he will be impartial, and will be the peacemaker, soothing the opposing sides and finding equitable solutions. He knows what balance and justice mean, and this must be cultivated by his parents. The best way to teach this is by example: at home, treat brothers and sisters the same, and give responsibilities to everybody. He may have intense periods of activity, followed by times for relaxation. It is a very good idea not to bother him while he is doing nothing; his inner balance will soon drive him into motion. He is a little bit lazy, and he does not like physical effort. He is an expert at softening hearts, especially his parents'. He is very sweet and sympathetic and, because of this, he usually gets whatever he wants. The bad side of this is that he will be a spoiled child, so it is very important that his parents combine discipline with love.

Billy will adjust well in school if he receives the right balance at home. Because he has a bright and logical mind, and is curious and likes to know about everything, he is a very good student. As he does not like disorder, he will help to keep the house clean. During adolescence his fondness for good grooming will become apparent and he will take over the bathroom for hours. His parents must remember that peace, beauty and comfort are part of his harmony. He will start early to show his skills as a charmer and he will always be surrounded by romance.

This child has multiple creative skills and he is very expressive artistically. He will be very happy learning how to sing or play a musical instrument, or taking classes in literature or arts and crafts. Regarding his dietary habits, he has a tendency to choose sweet things, which could cause future weight problems. If his parents give him a harmonious environment to grow in, this child will always be protective of his parents and their home.

Aries Rising Sign:

Billy was born with a strong body and full of energy. He will recover easily from illness in his early years. His muscles are well developed and he will show great physical strength, lifting heavy objects or participating in sports as he grows. He will always need to be in motion, and he will want to do things his own way. He also will develop great pride, and will always want to be the first in everything. He likes to compete with others to show all his

skills; Billy will always be a leader. He may have problems showing his feelings, especially his weaknesses and fears. In these cases, he will make jokes and try to distract everyone's attention. He tends to be impulsive and sometimes aggressive. Patience will not be one of his virtues, though as time goes by, he will calm down. Billy's courage will make him adventurous and mischievous too. If his Sun (as shown above) is located in Cancer or Pisces, Aries rising will help him a lot in feeling secure. If the Sun is located in Aries, Leo or Sagittarius, he will be a restless infant, and will only need a few hours of sleep before waking up again, ready for action. A negative side is that Billy can be selfish, and perhaps won't share things with his brothers and/or sisters. He will have a noble heart and will be willing to help anyone in need; though he can be easily annoyed, he will never hold a grudge.

His childhood is ruled by Mars, which lets him conquer the world of adults. Billy has enough confidence in himself to make it, and wants everyone to know it. That is why he needs approval and applause. He needs to admire his parents, especially the one of his own sex, because he will choose him as model. Billy may not show his feelings, thinking that being emotive is a sign of weakness. If the child is a girl, she may be a tomboy in her first years, and she will choose to climb trees, play with boys and run races instead of playing with dolls.

Uranus in 1st house:

Billy seems to have been born with an extra dose of energy. He will be restless and rebellious. His natural response to any order will be "no". He was not born to follow an organized and conventional road. His ideas are original and future-oriented, which is why sometimes he will be misunderstood. In spite of this, Billy will never be inhibited and will always act with freedom. He will be attracted to extravagant and uncommon things. As a child, he will be fascinated by the TV set and electronic equipment in general. His fast and innovating mind can make him easily bored with his toys. As he grows, this astrological influence can be very useful but it can also be a problem. Positively, Billy will be a very creative and original person, and will stand out in fields like sciences, mathematics or electrical engineering. Negatively, he can be a bit erratic and unpredictable, doing what he wants without taking others into consideration. Sometimes it is very good to rebel against restrictions, but he seems to have a good reason to rebel against everything. Parents must help this boy to develop his great inventive abilities, because his ideas could change the world.

*** Chapter 2 ***

Maternal figure: emotions, feelings, capacity to love and share.

Moon in Leo:

Billy will like getting everybody's attention, and his behavior will always make him stand out. His emotions will be spontaneous, open, and impetuous and will tend towards exaggeration. He will be very stubborn, and generally, will not do the things he is asked to do. His innate authority will make him rebellious, and he may try to dominate others. Billy will develop strong self-esteem and pride, which will allow him to attain the status he deserves. He will express his sympathy openly; his affections will be clear and spontaneous and his happiness will always be present on his face.

Most likely, Billy will have a strong mother, very sincere and capable. He will learn from her to express himself in a relaxed and secure manner, to say what he feels, and to have creative answers to problems. It is probable that Billy will inherit a strong artistic sensibility, which, if developed, could make him famous. He needs his parents' approval; though he will seem secure and self-confident, he will always need emotional support in order to manifest his full potential. Billy will love life itself, and if he has his own children, he will show them how to live freely and joyfully.

Moon in 5th house:

He will be romantic and charming, which is why he will have an adventurous love life, always looking for the "right" match. Billy will have great charisma and a poetic imagination. He will have great creative ability, which will be evident in all his activities. As a father, he will be very tender and will teach his children to be kind and to show their feelings, although he can be a bit possessive.

Moon Trine Saturn:

Billy will be very stable and serious about his emotions. He may be a bit mature for his age. He will have much on his mind, and will also be prudent, conservative, and cautious. Billy will possess great personal dignity and will progress through life in a slow but firm way. He will have a beneficial relationship with his mother, as he will learn from her how to work in a constant way on his projects. Fidelity and responsibility are highlighted in his personality.

Venus in Leo:

Billy will be ardent and romantic. His manner of expression will be exaggerated and a bit theatrical. Billy will love life itself, and people too, though he will be very selective and will always prefer outstanding people. He will have a very deep self love and may be vain. Billy will prefer everything to be refined and in good taste. His clothes and physical appearance will be very important to him. He will love a great social life: going to parties, meetings and other events which give him a chance to show off. As an adult Billy will have many romances, but once he is in love he will be loyal to his feelings.

Venus in 5th house:

Billy will be very attractive to the opposite sex and may have innumerable romances. He will have charisma and will love children, especially his own. Billy will be very affectionate, sociable, and sympathetic, but also very idealistic in choosing his intimates, which may leave him vulnerable to disappointment. He can excel in sports and in creative pursuits.

Venus Square Saturn:

Billy's parents, especially his father, must make an effort to show love and caring because Billy is especially sensitive to any indifference and may feel he is always being rejected. This could make him shy and unable to show his emotions. Billy will tend to sacrifice his happiness for duty. He will tend to be defensive and afraid of being rejected or of not being accepted. It is very important for his destiny that his parents give him all the love they can. In the future, it will be better for him to get married after the age of 28, when he is emotionally mature. If Billy does not overcome his inner fears, this astrological position can make him ineffectual in sentimental matters and lonely.

Jupiter in Virgo:

As Billy grows and matures, he will develop a constructive sense of responsibility, learning to behave as an adult and doing good things for the world. However, Billy can be a bit shy and will tend to undervalue his own abilities. It is very important to show him how to develop his idealism with freedom and to trust in his own initiatives. Billy will feel comfortable working for others and doing his job well, whatever it is.

Jupiter in 6th house:

Billy will be a lucky person in his choice of jobs. He will find what he is seeking and have a good salary. Billy will have an ability to organize and communicate well with his colleagues and friends. His health will be strong and he will be able to overcome any illness, but he must avoid any kind of excess.

Jupiter Opposition Neptune:

Billy can be brought up without having to assume his responsibilities, and as a consequence, will not be organized and will tend to have legal problems or money troubles. He will live in a fantasy world and always try not to face reality, especially problems. It is very important for him to remove fears from his mind, to replace negative thoughts with positive ones, and to defeat the inertia that nullifies his dynamic energy.

Jupiter Trine Pluto:

Billy will express enthusiasm and vitality in his actions, and everybody will be affected by his energy. Billy will have great organizing power and can excel in professions related to business, politics or education. He will be interested in almost everything, and there will be no limits to his possibilities. Billy will be a positive, constructive and successful person.

Neptune in 12th house:

Billy could tend to be lonely. Because he is highly sensitive, he could get hurt quite easily and may prefer to escape from problems rather than face them. It is probable that he will work

with people confined to hospitals, prisons, asylums, etc. Billy will have great intuition and will be interested in the subconscious and other mysteries of life. It will be very important for him to avoid escapist attitudes, as these could lead to destructive behaviors in the future.

*** Chapter 3 ***

Paternal figure: authority, power, capacity to assume responsibilities and to defend oneself in life.

Sun in 7th house:

Billy will learn to share and will love to be with people. His great sociability will make him popular and well loved, though he can show a tendency to argue about almost everything. He must learn to be more independent and to overcome his indecision. Most likely during his childhood (and also in adolescence), Billy will be very dependent on his father, whom Billy will admire and will always want to please. In the future, this image will be replaced by a friend, a lover or the boss at the job, on whom Billy will be very dependent. He will find meaning in life as long as he has someone with which to share it. This astrological influence favors success in marriage.

Sun Opposition Uranus:

Billy will be anarchical, liberal, and independent and always in opposition to authority. He can be very untidy and thus waste the great potential of his energies. He will attack whatever stands in his way, as he needs to be free. Billy will be impulsive, eccentric, and will follow his own rules. He will also be original but impractical. Billy will always be nervous and will be inclined to dissipate his energy. He must learn to be more cautious, and, because he is inclined to have accidents, to be in less of a hurry. As he is very particular and unique, Billy will be a very difficult child to raise.

Sun Square Pluto:

Billy will have great will-power, and will be rebellious and arrogant. He will often prevail over others using aggression, and will feel pleasure in dominating every situation. He will show great courage and strength, physical as well as mental. Billy must learn to control his temper, to be more patient, and to respect others' weaknesses. Billy may have strong arguments with his father, trying to undermine his authority and take his place. Billy will admire strong people and will feel justified in his disapproval of weak-willed or unambitious people. Though he will express every emotion, his inner world will be so deep that few people will really know him completely. Billy will always seek challenges and risky situations in order to prove his own strength.

Saturn in Sagittarius:

Believing only in principles which have been proven over time, Billy will be very conservative in many areas of life. He will be very involved with religion, philosophy, and higher education. Billy will be independent and sharp; he will persistently seek justice and truth. He will be intellectually disciplined and will have great powers of concentration, which, along with his devotion to his work, will enable him to get whatever he wants. Billy will consider his own reputation and social situation very important. He can excel in teaching, politics, or public speaking. His great sense of justice can be easily offended, and Billy will show great resentment.

Saturn in 8th house:

Billy must learn early to know what belongs to him and what does not; he must learn to share things with others freely. Most likely Billy will be afraid of change, so it will be a good idea for him to develop good habits that will serve him well all his life. As an adult, he may have the responsibility of managing other people's money or his mate's; Billy could excel in investments and financial fields. He also must receive a good sexual education, as this astrological position can bring inhibitions and old fashioned concepts. Billy will also show great interest in psychology and metaphysics.

Saturn Square Neptune:

Billy can have a deep fear of facing responsibilities in his life, which may then manifest as a lack of ambition. His illusions and idealization of people can make him vulnerable to disappointment which will wound his feelings. This astrological aspect can generate a fear of paternal authority; as a consequence, Billy can be afraid of his own power of authority. In the future, he will escape from any situation involving any sort of compromise and will also avoid his duties on due to fear of failure. His emotional world can be a bit inhibited and, at the same time, full of fantasies.

Mars in Virgo:

Billy will be a cold, scientific, and logical person. He will love to work and will show great enthusiasm when he feels he is contributing to a good cause. His analytical mind will make him a critic and a perfectionist. Billy will always want everything done the right way, and will strive for perfection; that is why he will be inclined to lose his temper quite easily with slow or inefficient people. As Billy matures he will show a great sense of responsibility and will learn to perform all tasks very quickly. He may have conflicts about showing aggressiveness and, in order to avoid it, he will direct all his energies into his work. He could keep anger inside, resulting in a negative attitude and possibly leading to an explosive outburst. He is very afraid of losing his self control. In the future, he will try to repress his passion and he will seem distant and restrained. It will be very important for him to learn how to use his aggressiveness in a positive way, perhaps as a defensive measure to protect his place in life.

Mars in 6th house

Billy will be a hard worker, physically and mentally, but if he overworks, he could be susceptible to illness. Billy will be very exacting about his work, getting things well done and on time; this could cause problems with his bosses and with coworkers also. Billy will have great vitality and energy, which makes it very beneficial for him to do physical activity to keep his balance. It is also very important for Billy to have several ways of expressing his aggressiveness; otherwise, he will be inclined to suffer high fever, headaches, falls, bruises, and burns.

Mars Conjunction Jupiter:

Billy will be an enthusiastic and energetic person, with many ambitions, good health, and good luck. Billy will trust in his decisions and will always react in a frank, open, and generous way. Billy's great energy will help him excel in sports or a military career, though he could have the tendency to overdo and, thus, become exhausted. With his courage and restlessness, Billy will defeat every obstacle in his path.

Mars Opposition Neptune:

Billy will have a big imagination and many fantasies, but he will lack the ability to make them real. Billy will probably be afraid of his anger and be uncertain about his own authority. Billy must be careful about his diet, as he is inclined to have allergies to certain foods and drugs. In an attempt to hide his own fears and weaknesses, Billy could cling to his convictions with fanaticism. To make his dreams come true, Billy must strengthen his self-esteem and initiative.

Mars Square Saturn:

Billy's behavior can range from aggressiveness to apathy. He could also show a selfishness which could mar his relationships with others. He must learn to be more flexible and to express his wishes more gently. Though he will be able to count on large amounts of energy, Billy may not have the ability to handle it or at least to direct it toward his purposes. There can be some inhibitions inside him, which prevent him from expressing disagreement; this may cause him to have some hidden resentments. He will probably have some disagreements with his father, causing much tension in their relationship. Both of them must learn to be respectful of each other and try not to dominate the other.

Mars Trine Pluto:

Billy will have abundant physical energy and will handle it in a positive and constructive way. He will be dedicated to helping other people, which will make him very popular and possibly a leader. Billy will be competent and confident in several areas and could excel in fields like medicine, sports, and engineering. He will love to uncover mysteries and to investigate phenomena which have not yet been explained by science.

Pluto in 10th house:

Billy will have a great capacity to excel as a leader among his friends. In order to achieve success, he will have to learn how to be more patient and flexible. It will also be important for him to learn to obey the rules; otherwise, he will get into trouble. It is likely that his professional life will be dedicated to producing changes and transformations in his environment or to healing others through the fields of medicine or psychiatry. Billy will attain a position of authority in his job, whatever his profession; people will either love him or hate him, but he will never be unnoticed.

***** Chapter 4 *****
Mentality: intelligence, studies and capacity for communication.

Mercury in Libra:

Billy will have a balanced and harmonious mind, and will try to express his ideas in a proper and delicate way. He will not be quick to make decisions, because he will have a deep sense of justice, which will make him analyze both sides of any situation in order to avoid any mistake or unfairness. His indecisiveness, even in trivial matters, will bother him and the people around him. Billy will be very moderate in everything he does, rarely going to extremes. His communication will be soft, refined, and friendly. His voice will have a soft, warm tone and he will refrain from using coarse and offensive language. Billy will get angry when arguments, violence, or aggressiveness occur. If Billy is put in a hostile situation, he will try to escape or will hide within himself. Billy will have a strong sense of aesthetics which will be visible in his artistic ability. As he will be very sociable, he could excel in public relations, diplomacy, law, or also as an umpire. He will have a complacent attitude toward others and most likely he will defer to others if any of his initiatives creates a lack of harmony. Billy could show some laziness or inconstancy with his studies and will need some encouragement from his parents to finish them up with success.

Mercury in 6th house:

Billy will be very practical, reserved, systematic, efficient, and inclined toward mental activities. He will be interested in health, hygiene, medicine, education, and literature. Billy will be a hard worker and will need to be aware of a tendency to be a "workaholic". Thanks to his discipline and self-control, he will excel - first in his studies and then in his profession. Also, he will have a great ability to plan and organize his duties, which will make owning his own business a viable option for him. Billy must learn to control his preoccupation with responsibilities.

Mercury Sextile Saturn:

Billy will have a practical, logical, easily focused and realistic mind. He will be very self-disciplined and will channel his mental energies with accuracy. Billy will also be very careful with his opinions. His mind, grounded in reality, will have some trouble trying to concentrate on abstract and artistic subjects. He will always prefer to use logic, coherence, and intelligence.

Gemini on 3rd house cusp:

Billy will be very clever and will have a great ability to express his ideas. He will be very versatile and curious, so he will know a little of everything, and will always have something to say on any topic. He will probably not be very persevering and will get bored quite easily, especially if his studies are long and/or routine. His mind will be constantly working on ways to achieve the professional success he is seeking. Billy will make frequent short trips in his life and will easily learn different languages. He will make decisions quickly, and though he will not take time to think about them, most of his decisions will be accurate and clever. Billy will be talkative and sometimes it will be difficult for him to keep his secrets safe.

***** Chapter 5 *****

Destiny: vocation, profession, probability of success and social recognition.

Capricorn MC

Billy will excel on account of his great perseverance and tenacity. His spirit of sacrifice will make him study, work, and then succeed. The second part of his life will be quieter and more comfortable; Billy will have much experience and wisdom. His destiny will not include sudden achievements or strokes of luck. Everything will be achieved little by little with a lot of struggle and effort. He will be interested by science in general, excelling in mathematics or physics. He will also show a great love of nature and will enjoy being outdoors in touch with the earth. Billy will have great vitality and will treat each obstacle as a personal challenge. He will have noble and firm principles and will enjoy places and people representing discipline and authority. It is very important for him to feel free to pursue his goals; his family as well as his marriage must not become a burden for him.

His career choice could be one of the following professions: agronomy, geology, forestry, computer technology, accounting, corporate management, physics, chemistry, etc., and any other profession where he could exercise his authority and tenacity.

Billy's family could be ruled by strict moral principles or by traditions which limit his freedom. Billy will know what sacrifice means and will be very persevering. Capricorn individuals will have a strong influence on his destiny.

*** Chapter 6 ***

Health: probable physical problems and recommendations for diet and nutrition.

Sun in Libra:

Libra rules the kidneys, the bladder, the suprarenals, and the urethra. Billy's main problem will be his tendency to laziness; to be quiet and comfortable means absence of movement, and, as a consequence, there will probably be circulation problems as well as weight problems. To avoid problems in his kidneys, his delicate section, he should drink large quantities of pure mineral water and avoid salt. Billy will need a harmonious and peaceful place to develop himself; his inner balance will be very important and its condition will be reflected in the state of his health. If Billy were raised with constant arguments, noise, shouting, and tension, he could be seriously ill. Soft music has healing power on his body, as well as soft colors and the touch of nature.

In order to be healthy, Billy will have to consider this advice: he will have to restrict sweets, pasta, and all products which come from flour, replacing them with proteins easier to digest like fish and poultry, fresh cheese, soy and its products; he will have to drink pure water every day; he will have to practice a sport, dance, swim, or go to a gym, (it must be pleasurable activity); he will have to be with positive and outgoing people; he will have to avoid red meat and seafood; he will have to rest in nice, quiet and ventilated places; he will have to have an artistic activity as an entertainment; he will have to rid himself of his rancor and annoyance; he will have to avoid gaining weight; and mainly, he will have to find an over-all balance.

Saturn in Sagittarius:

This astrological position could bring chronic problems with sciatica, dislocation of the pelvis, lumbago, rheumatism, problems with the hips, or insufficient breathing which will require some exercises to help the oxygenation of the whole organism.

Leo on 6th house cusp:

The short term problems related to Billy's health could originate from low vitality, a lack of oxygenation of the blood, a lack of Vitamins A and D, and magnesium. This could bring problems with the circulatory system, a lack of irrigation to the arms and legs, heart problems, palpitations, chest angina, fever, etc. Generally, all the problems with his health will be closely associated with his emotional world.

In order to prevent these problems, Billy should include these elements in his diet: alfalfa, asparagus, broccoli, carrots, celery, lettuce, green and red peppers, spinach, watercress, sweet potato, tomato, fresh or dry peach, cherry, apple, lemon, orange, wheat germ, sunflower seeds, fresh cheese, and yogurt.

The long term problems related to Billy's health could originate from exhaustion of the nervous system, which could result in stress, spasms, and general irregularities of the body due to tension. Also, Billy could have ankle swelling, varicose veins, and pains in the legs.

In order to prevent these problems, he should follow the diet mentioned above, plus all

foods high in the B Vitamins, like: chick peas, lentils, legumes in general, whole grains, walnuts and seeds, coconut, grapes, lemon, pineapple, wheat germ, bee pollen, egg yolk, etc. It will also be important for him to wear comfortable shoes with low heels and to walk barefooted sometimes.

Mercury in 6th house:

Billy could have problems related to the response of his central nervous or hormonal systems. He should not exert himself to the point of nervous exhaustion; he should moderate his mental activity and participate in a physical activity in order to compensate and release his everyday tension.

Mars in 6th house:

Billy could have problems with infections, inflammations, hemorrhages, burns, fractures, bruises, and muscular pains. He should learn to restrain any kind of precipitate or violent reaction, as these may be the underlying cause of his physical diseases. Also, he should find a positive way to express his aggressiveness, directing his great energy into a constructive outlet.

Jupiter in 6th house:

Billy could have problems related to overeating, his response to any stimulation and indulgence. This astrological position could bring problems with obesity and negligence of his own health. Billy should take care of his liver and reduce any dietary excesses, especially with fried and/or fatty foods.

Neptune in 12th house:

Billy could have health problems that are difficult to diagnose, which could lead to inadequate treatments or incorrect medications, causing a toxic condition. He should avoid all strong medication and turn to natural cures in order to prevent any kind of poisoning. Also, he will have to avoid alcohol, nicotine and tranquilizers. Generally, Billy's problems will originate in his emotional world, appearing during times of emotional or family crisis.

***** Chapter 7 *****
**Generational influence: ideas and feelings common to
your child's age group.**

Uranus in Aries:

Billy was born into a generation of pioneers - independent people who believe in themselves, pursue their goals willfully, and rebel against the demands of others. Billy will belong to a restless group of people who will break many traditions and old customs. The creation and introduction of new ideas will be another of their important contributions. Most likely, he will exhibit great mental energy, which, used in a constructive way, could result in great inventive productivity; otherwise, it could increase his rebelliousness, uncontrollable behavior, and fanaticism and will cause him to waste his talent.

Uranus Square Pluto:

Billy will be very impatient and a real fighter. He will get angry quite easily about anything and could adopt a negative or destructive attitude about the things he dislikes. He will have strong political ideals and will fight against injustice. Billy will not tolerate being restricted or limited in his manner of expression and will rise up against any oppressors.

Neptune in Pisces:

Billy's generation will be very imaginative, sensitive, and intuitive. They will have a great talent for music and arts through which they will express their ideas and feelings. During this period of time many advances will be made in the areas of metaphysics and parapsychology. Mysticism will be legitimized and spiritual qualities like compassion and self-sacrifice will be valued more highly. As a part of this generation, Billy will develop strong religious convictions. His high level of sensitivity, inspiration, and devotion will make his emotional life very rewarding. His idealism will lead him to transcend the material world in search of spiritual evolution.

Pluto in Capricorn:

Billy's generation will have a practical and realistic vision of life. They will work very hard to improve life within society in every aspect; many of them will be real political leaders or economic reformers. They will be eager to assume their responsibilities and they will be always ready for action, though they may neglect their emotional needs as a consequence. As a part of this group, Billy will show great perseverance, ambition, and capacity to organize and manage in an efficient manner. He will be very conservative and materialistic. He should learn how to express his emotions more openly.
